GUILTY OF THE CRIME OF EXTORTION

SAN FRANCISCO, MAY 15.—ABRAHAM RUEF, BETTER KNOWN AS ABE RUEF, THE ACKNOWLEDGED ADVISER OF MAYOR SCHMITZ, AND ONCE THE RECOGNIZED DICTATOR OF MUNICIPAL AFFAIRS IN SAN FRANCISCO, PLEADED GUILTY TO THE CHARGE OF EXTORTION IN JUDGE DUNNE'S DEPARTMENT OF THE SUPERIOR COURT TODAY. "I CHANGED MY PLEA TO GUILTY IN COURT TODAY, YES, BUT I PLEDGE YOU MY SOLEMN WORD THAT I AM AS INNOCENT AS YOU ARE. I HAVE BEEN GUILTY OF CONNIVING AT THE CORRUPTION OF MUNICIPAL OFFICIALS, BUT IN THESE FRENCH RESTAURANT CASES I AM NOT GUILTY.

"Since my action of this morning I can have no motive in misleading you on this point. I shall not mislead

with my personality and leaving out of consideration the feelings of those who love me and have stood by me, I could spend five years in San Quentin almost as comfortably as in a hotel at Napa Springs. But if the step I took this morning had meant five years, or fourteen years, or fourteen hundred years, the fear of that would not have deterred me.

"I HAVE MADE NO CONFESSION. I KNOW MUCH. SOME THINGS I SHALL TELL. SOME THINGS I SHALL NOT TELL. WHENEVER AN INNOCENT MAN HAS BEEN FORCED INTO CORRUPTION AGAINST HIS WILL, THAT MAN I SHALL PROTECT. WHENEVER A MAN, BE HE HIGH OR LOW, HAS ENTERED INTO CORRUPTION WILLINGLY, WITH HIS EYES OPEN, THAT MAN I SHALL EXPOSE.

"I will not say at the present moment that Mayor Schmitz is guilty of the charges that have been brought against him or that he is innocent. I will say this. I wanted to break away from Schmitz before his re-election a

EXPOSURE AWAITS COMPANIONS IN GUILT

"I know much," said Ruef. "Some things I shall tell. Some things I shall not tell. Whenever an innocent man has been forced into corruption against his will, that man I will protect. Whenever a man, be he high or low, has entered into corruption willingly, with his eyes open, that man I shall expose."

Francisco had taught the public to believe that every officeholder was a crook, that the whole city government was rotten from skin to core; that no privilege could be obtained unless it were paid for.

"It is strange that those systematic attacks, though frequently guaranteed on nothing more tangible or truthful than personal suspicion in private quarters, should have led the corporations astray as to the real situation? The officers of corporations are not bad men. They do not belong to the criminal class. They no more desire to commit the crime of bribery than the newspapers or the public desire that it should be permitted. But franchises are necessary to the

"LABOR LEADERS EAT THE PAINT OFF A HOUSE"

[illegible]. Never, never in the wide world could I have been convicted on this charge. No one knew this as well as [illegible]. Then why, you ask, did I plead guilty? I pleaded guilty to [illegible] the eyes of those who are nearest and dearest to me on earth. I am not overstating the truth when I [illegible] that if my father, my mother and my sister had been compelled to endure the strain of my trial, lasting at least two months and possibly longer, it would have cost them lives."

Ruef's eyes were filled with tears when he said this. He turned and for a full moment gazed out of the window, unseeingly. When he had mastered himself, he turned and with wet [illegible] but a steady voice, went on:

"You don't know what they have suffered in these last few months, and I would not tell you if I could. Why, night after night—every night my father and my sister have come up to [illegible] my room and sat for an hour saying nothing, seeing nothing. I could not stand it any longer—to [illegible] the tears and the choking and the long look out of the window—last night I gathered my family about me in the prison house of mine and prepared them for the act I had determined upon. That would mean [illegible] day I suffer. To go on would have meant months of agony and—death.

"I don't know what my sentence will be. For myself I do not greatly care. I say to you now, and you can judge if I [illegible] face no man possesses physical nerve more than I do. I [illegible] face a crowd of 5000 men—[illegible] every one with a rope in his hands and clamoring for my life. I could face them calmly and meet my end without flinching. But [illegible] suffering of those I love I could [illegible] no longer. I say I do not know what my sentence will be. If it be [illegible] years across the bay, I can meet that when it comes. I believe that, year ago last November and said to him 'I am sick of the whole thing and I want to get out. I can't stand for all these labor union bums you have gathered around you and will appoint. They would eat the paint off a house.' In answer the mayor begged me to stay with him and put up the argument that these fellows must be allowed their share or we could never hold the machine together. There was all too much truth in that.

"I stayed with Schmitz and I stayed with the machine that I at great labor and pains had built up and assembled. I found then that I had taken a step away from the high and clean ideals with which, I earnestly assure you, I originally entered the political field. I found, in short, that to hold this machine together I had to permit and connive at corruption. In the state of affairs existing, it was necessary. But I myself never asked a dollar of any man, never took a dishonest dollar from the public. The things I did were things that hurt no one.

"Before the boodle board of supervisors was elected, I warned them against crookedness in office. Immediately after their election I got them together and I said to them: 'Now, you ——. If any one of you takes a dollar, I'll prosecute you myself, and I meant it. I was in earnest. But I found I could not carry out my threat and keep the machine from going to pieces. Schmitz was right about that.

"And so much of this corruption was needless—needless, I mean from the givers' end of the deal. Take for instance the trolley franchise. Everybody wanted the street railways electrified. There would have been no opposition if the application had been merely and customarily laid before the board. It would have been granted. But the press of San conduct of their business and when they are taught to believe that such privileges cannot be obtained without the exercise of dishonest influences, they frequently do commit the crime of bribery rather than forego the thing they need.

And so it goes. Suppose that the United Railroads sent word that there was $2000 or $3000 apiece for the supervisors if the supervisors would call at the United Railroads' offices. And suppose that those supervisors trooped up there one by one and took the dirty money. Such an arrangement would mean almost instant exposure and scandal and absolute defeat of the end sought. But suppose the United Railroads came to us, a lawyer and a political leader, and asked me to accept a fee to manage the matter for them. Suppose I refused. Suppose then, these supervisors got wind that there was money to be had, and I found out that they meant to get it. Would I still refuse to handle the matter for them.

"THE WILLFULLY CORRUPT I WILL REVEAL"

and see my machine smashed, or would I accept the fee and connive at the corruption?

"I have not said to you that Patrick Calhoun, or Thornwell Mullally, or the officials of the two telephone companies or anybody has committed the crimes charged against them. I have not made any confession. But I repeat: Some of the many upon whom has fallen the soot of this newspaper conflagration were innocent of evil intent but became involved by compulsion, and these men shall not be made to suffer further.

Talesmen Question Orchard's Confession

BOISE, May 15.—The unexpected uncovering of a vein of prejudice against Harry Orchard and his testimony during the further examination of talesmen in the Steunenberg murder case today led to the first sharp wrangle between counsel and involved the name of President Roosevelt in an acrimonious discussion.

Samuel Wingate, the eleventh talesman, it developed, was biased against Orchard. Wingate was upon this excused, the defense excepting to the court's ruling and from thence forward the state was particular to test all talesmen on that principle.

Talesman A. P. Burns, who finally succeeded to Wingate's seat said under oath that he was not prepared to give the same credence to Orchard that he would extend to other witnesses.

LABORS OF THE WATERWAYS BOARD ARE BEGUN

COMMISSION STARTS DOWN THE MSSISSIPPI

Senator Newlands, Who Is Vice-Chairman, Is with the Party on the River

CAIRO, Ills., May 15.—The Inland Waterways Commission, with Representative Burton as chairman and Senator Newlands of Nevada as vice-chairman, assembled at St. Louis on Monday for the trip down the Mississippi that had been decided upon at Washington when the commission held its first meeting there the previous week.

Banquets were tendered to the commissioners, which were accepted and at which speeches were made showing the general realization of the importance attached by the public to the commission's work. Much interest has been manifested, too, everywhere.

The commission started on Tuesday morning from St. Louis on the steamer Mississippi and reached Cairo this morning after having examined on the way the government work in protecting the banks, preventing bars from forming in the channel and deepening the channel itself.

The trip down the river will be continued and it is expected to reach New Orleans in seven days.

The work of the commission includes the examination of the Great Lakes and the rivers of the Pacific coast, including the Sacramento and the San Joaquin. The body was named by President Roosevelt for the purpose of examining the waterways of the country, reporting upon their condition and recommending a comprehensive plan for their improvement.

SAYS CONDUCTOR ROBBED HIM.

NEW YORK, May 15.—That a conductor of the Grand street cross-town street car line turned out the lights of the car, knocked him down with a black-jack and robbed him of $980, a gold watch and a diamond ring, while he was a passenger upon the car, was the complaint made to the police today by Antonio Kaknic, a hospital nurse.

TWO POUND BABE IS BORN AT HOTEL IN RENO

A VERY small addition to Reno's population is reported in the shape of a lilliputian girl born at the Clarendon hotel last Saturday. At birth the tiny midget failed to tip the scale at two pounds. Mother and child are now being cared for at the county hospital, and are doing well. The child is strong and fully developed. It is the smallest child ever given birth to in Reno.

BROCK AND SMITH RAILWAYS MAY HAVE UNITED

THAT'S WHAT DISPATCH FROM LOS ANGELES SAYS

LOS ANGELES, May 15.—According to a special dispatch from Rhyolite, the Brock and Smith railroad interests there, embracing the Goldfield and Tonopah road, and the Tonopah and Tidewater line, have combined for mutual benefits, and for the purpose of offering united opposition to the Clark railroad interests in Nevada. It is stated that the Smith line will build its terminals at Rhyolite where those of the Brock line already exist. The result of the alleged combination would be an alignment of the Southern Pacific and the Santa Fe against the San Pedro, Los Angeles & Salt Lake road.

BANDIT IS KILLED.

MOSCOW, May 15.—A revolutionist named Charashinikoff, leader of several bands, which under cover of the revolutionary movement, have carried out important robberies of banks and other public institutions, was located by the police and killed while attempting to escape, disguised as a woman.

DENVER, May 15.—Wages of passenger conductors on the Denver & Rio Grande railroad will be increased $10 a month, those of passenger firemen and brakemen $6.50 a month and a general increase of 6 per cent will be given all men in the freight service and overtime paid for on a pro rata basis.

CITY ATTORNEY KING ORDERS THE SHACKS DOWN

NEW OFFICIAL WOULD STAND NO NONSENSE

One Menace to the City's Building Gone Already and Other Is to Go

City Attorney Frank D. King has summarily disposed of the shack menace on East Second street. The proprietor of the shooting gallery tore down his building yesterday in response to the demand made by King. The owners of the fruit stand were given two days to sell their stock. Then that low structure, too, will be carried away.

As soon as he became city attorney Frank King did not wait for the slow action of the municipal court to rid the city of the menace to business interests. King served notice on the shack occupants that they would have to vacate the premises immediately. No bluffing was tolerated. The result was apparent in a few hours.

RAILROADS GIVEN THIRTY DAYS TO OBEY LAW

STATE COMMISSION MAKES A BOLD MOVE

Within thirty days all the railroads of Nevada will be operating in conformity with the maximum rate law, or the commission will proceed at once to enforce the provisions of the act passed by the last legislature. The railroad commission met yesterday in Carson City and decided on this course.

Notification of the action will be sent by Secretary Walker today to the lines of the state.

Promises that they will abide by the maximum rate law were received from the Virginia & Truckee and the Nevada Central, which announced that they were engaged in altering their schedules to conform with the statute. It is not believed by the commission that the Southern Pacific or any other line intends to live up to the threats announced from time to time of fighting the law.

BOSTON, May 15.—Benjamin Ide Wheeler, president of the University of California, has been offered the presidency of the Massachusetts Institute of Technology, to succeed President Henry S. Protchett, who announced his resignation last December, to devote his attention to the Carnegie fund.

Buy Your NEW Spring Suit from Us and We Will Keep It Looking NEW

Each Week for Six Months Our Expert Tailor will Press Out Every Wrinkle

A tailor or clothes-Cleaner charges you at least 50c every time he presses your suit for you, doesn't he? Suppose he pressed it 25 times or once a week for six months—ten dollars is a very conservative estimate of what you would have to pay him, is it not? Then this proposition we make you, Mr. Particular Dresser, is worth $10 to you, don't you see?

And then another thing—the suit you get from us is of the highest grade, better looking, better fitting, better styled than any other suit you can get elsewhere in this city for the same money. We sell clothing which in fit, style and workmanship stands in a class alone. You will find that these clothes have distinction—and that fact will be evident as soon as you slip on the coat. You will find that these suits hold their shape—that is assured by the careful tailor work. You will find that they cost as little or less than ordinary clothes—that is obvious at once.

A FREE PRESSING TICKET GOOD FOR 25 PRESSINGS

Given with the Purchase of Every Suit Costing $20 or More

These tickets entitle you to have your suit pressed 25 times—once a week, or as often as you may wish. Whenever you think it needs pressing bring it in to us and we will deliver it to your address with the trousers nicely creased and every wrinkle gone from the coat and vest.

LURE OF GAMBLING MADE A MAN STEAL

Heart Interest of the Story behind the Filing of a Suit in the District Court---Victim Stole Captain J. B. Menardi's Stocks

In the big record book in the county clerk's office is a statment of the filing of a complaint by Captain J. B Menardi against William Wacker and J. D. Snyder, the defendants being sued for the recovery of $2000 worth of mining stock, and $500 damages for having illegally held the same.

The complaint is brief. It tells absolutely nothing of the human interest which lies beneath. Were it as voluminous as the books in the office it could not adequately describe the shame, suffering, temptation and crime that he just below the surface. To those who know the whole story as it is, it conjures a picture something like this.

A man, pale and agitated, seated at one of the tables in the Oberon gambling house, fingering a stack of faro checks with hands whose trembling indicate his terrible nerve-strain, his eyes fastened with terrible intensity on the dealer's box, watching every turn with a feverish anxiety which proclaims him to be no gambler.

He loses. He becomes indebted to the bank and he cannot pay.

A way presents itself to him for getting out of the hole he has helped to place himself in, and going to the office in which he is a trusted employee, he opens a safe from which he takes a certain lot of Consolidated Mines and Combination Fraction mining stock, and this he carries to the men who operate the bank. He gave the stocks into their hands as security for the payment of his DEBT OF HONOR.

Not possessed of business wisdom, Wacker and Snyder believe a bird in hand is better than several in the bush, and insist upon their pound of flesh, and they get it.

This man—perhaps rightly named a "sucker"—at the time he took the stocks from the safe of his employer, saw his position in such a topsy-turvy light that he was as likely to commit suicide as not, if he could not find a means of meeting the demands of those to whom he considered his honor was in pawn, and in this mental condition he robbed his employer, foolishly hoping to be able to replace the securities before their loss was discovered.

Discovered it was in the end, and the inherent manhood that was left in the miserable victim at last asserted itself and he confesed the whole hideous transaction, promising to make good his delinquency.

That is the story concealed by the brief legal phrases in the documents on file with the county clerk, and it tells why William Wacker and J. D Snyder, proprietors of the Oberon gambling house, are being sued by Captain Menardi.

"Admitting that the man stole the stocks from me to pay a gambling debt," said Captain Menardi yesterday, "I will not prosecute him for the reason that he has suffered enough now. His conscience will punish him for the deed that he has done. In time, as he promises, reparation may be made. Even if that is not done a prison term would only wreck his life. I propose to give him another chance."

A DARING JOB IS PERPETRATED ON WASHOE BANK

UNKOWN CASHES A CHECK WORTH NOTHING

Man Who Got the Money Disappears Before He Can Be Detained

One thousand one hundred and ten dollars was paid at the Washoe County Bank yesterday to an individual who had no funds there. The discovery of the loss to the financial institution was made shortly after the paying teller had handed out the sum.

A search through the building failed to result in a discovery of the man who had obtained the money.

According to witnesses of the affair, the man with the bogus check walked into the bank about two o'clock in the afternoon, and threw the endorsed paper on the counter. The teller immediately handed over the $1,110, in turn handing the check to the clerk.

Hardly had the amount been paid, when the attache of the bank standing behind the teller said: "This check is no good. We already have a check for collection against this man."

Various officials denied last night that the bank will lose anything by the deal.

PREPARING FOR SATURDAY ACADEMIC GAMES AT TRACK

In an effort to get the State Park tract ready for the Nevada Academic Athletic League field meet that is to be held here Saturday the students of the university yesterday employed teams to grade and crush the cinder path. This will be the seventh annual field meet. Eight schools are entered, Reno, Sparks, Carson City, Virginia City, Gold Hill, Dayton, Yerington, Elko and Winnemucca will send track teams.

BIDS WANTED.

Pursuant to the order of the Board of County Commissioners of Washoe County, State of Nevada.

Sealed bids will be received by the undersigned at his office in the city of Reno, county of Washoe, state of Nevada, until 1:30 o'clock p. m., the 3rd day of June A. D., 1907, for repairing a piece of road between Reno and Laughton's place, known as Chalk Bluff, in Washoe county, state of Nevada, in accordance with the plans and specifications on file in the office of the county clerk in the city of Reno, Washoe county, Nevada. Each bid must be accompanied by a certified check on some responsible bank in Nevada, in the sum of Two Hundred Dollars ($200) as a guarantee that the bidder, if successful, will execute a satisfactory contract and bond within ten days of date of award.

The board reserves the right to reject any and all bids as the public good may require. Dated this 14th day of May A. D., 1907.

PIRATES OF PENZANCE AT THE OPERA TONIGHT

Rehearsal Last Night Went off with a Rush and a Spirit That Was Truly Professional---Large Attendance of Reno's People Is Assured

The rehearsal yesterday evening for "The Pirates of Penzance" went off in a manner worthy of a professional cast and the production of the famous comic opera by local talent this evening at McKissick's opera house promises to be the best thing in its line ever given to Reno theater goers. The cast is now complete with the arrival of Fred Wright to take the part of the "Pirate King."

That the work of Mrs. Genevieve Wright as musical director and F. P. Dann as stage manager has been thorough is evidenced by the excellent manner in which the last rehearsal went along.

MRS. F. X. RAUSCH
Who will take the part of "Mabel" in "The Pirates of Penzance" this evening.

Fred Wright, the "King," has much experience in the part and is an excellent pirate chief in every way. W. S. Lunsford as "Frederick," is one of the best actors in the cast and together with Mrs. Rauch as "Mabel," whose excellent voice and stage talent are well known to Reno people, the three principal parts of the opera are in good hands. The choruses are pronounced to be above the standard and August Froelich as the "sergeant of police" will afford liberal comedy to the piece.

By no means a small part in the piece is that of "Ruth," which is ably taken by Mrs. J. D. Torreyson, which is another comedy vein running through the story in song. Her voice needs no praise, for it is well known among the best in Nevada.

There promises to be a large attendance at the performance this evening and tomorrow evening's sale is also large. The Nevada Choral Union, which organization has charge of the production, has done all in its power and no doubt the efforts of its members will be rewarded with a crowded house this evening.

Dockstader's Minstrels.

Lew Dockstader and his big minstrels are the announcement for May 23 at the McKissick's opera house. Lew Dockstader, by reason of his natural gifts and the years of careful study which he has devoted to the art of minstrelsy, has placed himself in a class by himself as an interpreter of minstrel humor. His minstrel company is the only one which plays the first class theaters. In forming his company this season he has shown his keenness as a manager and an artist. He encourages rivalry and his desire is to shine through the superiority of his associates---not as so many stars do, by the inferior quality of their company.

In the performance which he will present at McKissick's, Dockstader believes he has reached the highest form of minstrelsy in stage equipment, in ability of his comedians and singers, and also in the number of people employed.

New Advertising Agency

The Le Place Company is the name of one of the latest business enterprises to call for the attention and patronage of the local public. The business of this company is to attend to the advertising of its patrons, and that this will be done in a business-like and up to date manner is assured from the fact that its manager, L. LePlace, is a man of wide experience in this line of business, having served satisfactorily a large number of patrons in many cities.

WHAT RENO'S LOSS BY FIRE WAS IN A YEAR

FIRE CHIEF MAKES RECOMMENDATIONS

Property valued at $56,507 85 was destroyed by fire during the year ending April 30, according to the annual report of Chief Webster. Insurance was paid to discount this loss amounting to $34,398 85. The loss, says the fire chief, is far too great, and he recommends that stations be established in the district south of the Truckee river and on East Fourth street. This alone, Webster says, will give adequate protection against loss.

Forty additional fire hydrants are also recommended by the fire chief. He says that the number of plugs to supply water in time of fire is far too small. Also the chief recommends that twenty alarm boxes be installed in the suburban districts and in the business part of town. An eighty-foot aerial truck for the purpose of fighting fires in the district where four-story buildings are being erected is recommended by the fire chief. Webster says that with the apparatus employed at present it is almost impossible to properly protect the interests.

By hiring four extra men and purchasing 3000 feet of two and three-quarter inch hose the fire chief says the efficiency of the department would be improved.

Reno's record of arrests for a year from May 1, 1906, until April 30, 1907, is 1405. The figures are embodied in the report of Chief of Police Leeper to the city council. The chief recommends the employment of five additional patrolmen, and by this means he believes the safety of the residents of the city will be guaranteed.

Nine thousand and six meals were served prisoners in the municipal jail during the fiscal year. The meals were purchased at a cost of fifteen cents each, making a total of $1,350 90. The same prisoners performed labor which, estimated at $2 a day, gave a return of $2385.

Forty-six felonies were committed during the year, the arrests being made by the police. Seventeen insane were taken into custody. Thirty-five sick were cared for. Two died in jail.

WOMEN PAY MORE.

Why Insurance Companies Discriminate Against the Gentle Sex.

Medical examiners of insurance companies say that the reason a woman pays more for the privilege of insurance than a man, is from the fact that women more readily fall victims to indigestion and stomach troubles and the fatal ailments that spring from these causes.

All persons, they say, who have a weakened digestive system and suffer from sick headache, dizzy spells, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness, and the many other symptoms of indigestion, soon lower the tone of the whole system and are most susceptible to a fatal illness.

For curative power in all stomach troubles, nothing else is as safe yet effective, nothing else can be thoroughly relied upon to receive all troubles from indigestion as Mi-o-na. It is unlike any remedy heretofore known and is really one of the valuable discoveries in modern medical science.

It is not the acute attacks that influence the insurance examiners alone, but the constant feelings of weakness, headaches, indigestion and stomach troubles—these things, physicians say, kill more people than many more serious diseases.

To escape this condition of ill health, to enjoy one's food and yet never suffer with indigestion, a person should use Mi-o-na stomach tablets. They are not a mere digestive tablet, but strengthen and restore to natural action the stomach and bowels and effect a complete cure in even the worst form of stomach troubles.

The Cann Drug Company sell Mi-o-na in 50-cent boxes under a guarantee to refund the money unless it does all that is claimed for it.

MISS DUNAWAY IS NOW MRS. F. B. SPRIGGS

INTERESTING WEDDING TOOK PLACE YESTERDAY

Frederick B. Spriggs and Margaret Dunaway were married at noon yesterday at the home of the bride's parents, the Rev. C. C. Mead performing the ceremony.

As matron of honor acted Mrs. Roy Ledge, and as bridesmaid Miss Gertrude Campbell of San Francisco.

As toastmaster at the luncheon acted Oscar J. Smith, who was also best man at the ceremony.

The bridal couple left last night for Los Angeles and other points along the coast.

MEN'S MINDS [illegible] that instead of [illegible] Ruef's tearful statement of his [illegible] for pleading guilty [illegible] which he did [illegible] in fact [illegible] did he do it

[illegible] unwilling [illegible] believe that [illegible] motive—something [illegible] told but which [illegible] able, less likely [illegible] tender consideration [illegible] upon whose mercy he [illegible] himself. One [illegible] worldly wise critic [illegible] with human experience [illegible] Ruef has not [illegible] tears and the realism [illegible] withstanding his [illegible] ances must be taken [illegible] The argument that [illegible] aives to [illegible] impress us [illegible] that suspense with the [illegible] a son is guiltless [illegible] sorrow and suffering [illegible] the knowledge that he [illegible] wear the stripes [illegible] mured behind prison walls [illegible] even when [illegible] bear the [illegible]

[illegible] there [illegible] would [illegible] help him [illegible] believed in their [illegible] of guilty [illegible]

He says [illegible] service [illegible] Ruef's career [illegible] forts [illegible] involved [illegible] that home. Nothing [illegible] do will [illegible] that cause that he [illegible] day and his pleading [illegible] crime against the state [illegible] people against the city [illegible] was born and where [illegible] from whence he [illegible] tory education and [illegible] tion that gradual [illegible] Ruef's career is one [illegible]

Yet nothing [illegible] end of the scene [illegible] Frank Dunne in San Francisco [illegible] And the judge is himself [illegible] schoolfellow and [illegible] man whom he must [illegible] the penitentiary

But Ruef has not [illegible] attitude that he [illegible] newspapers of San Francisco [illegible] that We have heard [illegible] this of the [illegible] of the [illegible] that city. Yet [illegible] that newspaper [illegible] It is true that the journals [illegible] Francisco have pursued [illegible] at times that has been [illegible] all men but the men who were [illegible] ing those papers were [illegible] justly indignant at [illegible] which the municipality [illegible] looted and [illegible] was necessary to strike [illegible] hard. If [illegible] it was better that [illegible] be lampooned [illegible] guilty should escape, it was [illegible] it must be remembered [illegible] innocent had always [illegible] Newspapers will never willfully harm any person but [illegible] vinced that they [illegible] the application of the [illegible] to our institutions made [illegible] a complex civilization [illegible] quacy of our judicial machinery to meet all emergencies

But the press of San Francisco needs no excuse for its course. Ruef's one word "Guilty" pardons all the intolerance that some have seen in [illegible]

[illegible] the attitude of the newspapers. They [illegible] to earth. There yet [illegible] seekers of which [illegible] men who wanted [illegible] notions and [illegible] If they shall in- [illegible] Schmitz who if Ruef [illegible] the crimes may be as- [illegible] have been acquainted with [illegible] of San Francisco [illegible] himself to blame

TO THE new [illegible] Frank [illegible] King the Journal wishes to [illegible] compliment that is deserved [illegible] He knew that [illegible] Second street shacks were [illegible] and that there was [illegible] why they should be al- [illegible] menace [illegible] property [illegible] to do was to [illegible] the shacks [illegible] One shack [illegible] will be down [illegible]

[illegible] the way to do things—just [illegible] King is a man of action [illegible] accomplished what the [illegible] administration could not [illegible]

The Journal's Attitude

LEST THERE should be any mis- [illegible] understanding as to the attitude [illegible] on the gambling ques- [illegible] well to repeat that all [illegible] at this time is [illegible] the gamblers [illegible] law—that they shall [illegible] rigid requirements [illegible] shall not seek in [illegible] because the state law [illegible] We recognize [illegible] them to have [illegible] protection that the law [illegible] who abide by it. The [illegible] county as well as the [illegible] an income from the games and the gamblers play because they pay taxes therefore, to the state. They are before the courts on a par with every other class of taxpayer and must be so considered.

But let them at least stay on an equal footing with those other tax-payers and not seek to improve their own position at the expense of the people. Let them realize that whatever they may do they are here only by the sufferance of the better element.

Moving the games downstairs just as we said would be the case two years ago has not decreased the public gambling. It was absurd ever to imagine that it would do so for it simply increased the opportunity to play. Far from anyone being deterred by fear of losing his position through going to the games or being seen there the fact is that many who never would have dreamed of playing cards or risking a dollar at craps or on the wheel have been led to play through the convenience of the opportunity. When a man who wants to get even a lemonade and goes into a saloon to get it where he sees a dozen games in progress and hears from the lips of boosters of how many people are winning money has a dollar or so to play he is likely to play it. If the games were out of sight he would never dream of doing such a thing. It is the same way in restaurants and [illegible] that permit gambling in their places. Obviously gambling ought not to be an adjunct to places of public resort. The law allows it however and all we can do is to wait until the next session of the legislature.

In the meantime we must see that the gamblers do not presume on what they already have secured and we must demand of the peace officers and the authorities that they keep the games well within what the law allows them.

We want no more cases of young men stealing stocks from their friends to pay gambling debts that would never have been contracted had the games been at least out of sight.

THE EASTERN MARKETS

NEW YORK, May 15—Opening prices of stocks tended downwards, but secondary prices for stocks were better, the market generally rallying to a parity with yesterday's closing or above. Union Pacific broke badly to 3 1-2 below yesterday's final close following a report of the recommendations of the counsel for the interstate commerce commission upon the Harriman railroad investigation. There were also many sharp losses among other active stocks. Bonds were steady. A rally of over a point in Union Pacific stopped the general selling, but the market was sagging again at the close.

Grain and Provisions

CHICAGO, May 15—Heavy realizing sales were again the feature at the opening of the wheat market today. July opened 5-8@3-4c to 1 5-8@1 3-4c lower at 94c to 95c. September 7-8@1 to 1 5-8@3-4c down at 95c@96 1-4c and December 7-8c to 1 7-8@2 cents lower at 96 3-4c to 97 3-4c. The first half hour saw the enormous offerings well taken with prices partly recovered, July selling at 94 1-2c. September at 96 3-8 and December at 97 1-2c.

July corn opened unchanged to 1-4c down at 52c to 52 1-4c and sold up to 53 1-2c.

Oats were quiet but steady. July opening a shade lower to a shade higher at 44 1-8c.

Provisions opened weak in sympathy with hogs with prices 2 1-2 to 10c lower. July pork opened at 16 55 to 16 60. July lard 9 25@9 27 1-2 and July ribs 9 00.

WEATHER REPORT

Fair. The highest temperature recorded was 74 degrees, and the lowest was 38 degrees.

The Luxury of One Age BECOMES A Necessity in the Next

The comfort of cooking and heating with gas is no longer a luxury--it is a necessity. The kitchen with soot, smoke, ashes and dirt to work in is a thing of the past. Its low cost of maintenance, cleanliness, safeness and great convenience make a gas range a necessity in every home.

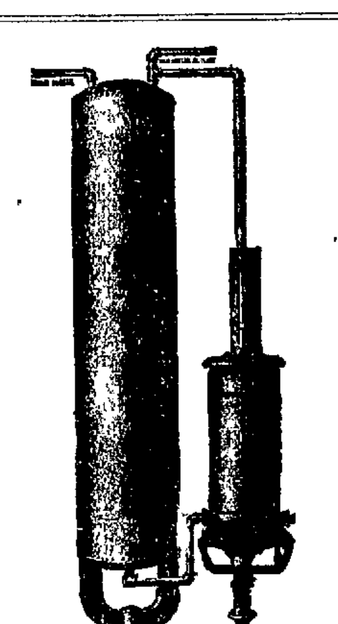

Consider These Facts:

Do you care to carry fuel and ashes?
Is it pleasant to build the fires?
Do you like the task of splitting wood and kindling?
Do you think it is comfort to have your kitchen begrimed with soot, coal dust, and ashes?
Is it pleasant to work in an atmosphere crowded with fumes and smoke?
Would you endanger your life and property by using gasoline?
Does your coal bill look too big?

Another Point

You can cook a food requiring a low heat and one requiring a greater heat on the same range when you use GAS.

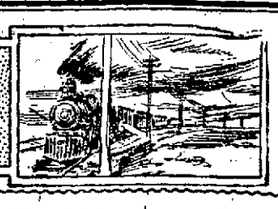

We carry a complete line of gas ranges and heaters. We do the piping free. Get your order in now and avoid the rush which will come with summer. Come now while we can wait on you promptly.
Use gas the year round.

Sparks Department

SEWER BONDS ARE SOLD ON LOWRY PLANS

The city council last night decided to issue bonds to the sum of $41,000, for the building of a complete sewer system. The deal will be financed by Cussin & Co., of Chicago, and S. K. Lowry, an engineer and representative of the American Light & Power Company, of Kansas City, will prepare the plans and specifications at an agreed price of $500.

FAREWELL TO THORBURN

The Twenty Odd Tennis Club, the Owl Club and many of Sparks delightful young ladies were invited to the home of George Robison last night to bid goodby to "Owl" Cliff Thorburn. Thorburn didn't learn until he decided to quit the town, just how popular he is. He is sorry now that he spoke. He will be more sorry no doubt, after a few weeks in the wilds of Humboldt canyon, where he goes to superintend development work on the claims owned by himself and Mr. Robison.

The Robison home was packed with friends of Mr. Thorburn and the evening was so jolly that remembrance of it will afford him consolation in many a lonesome hour.

CHIEF MALAY'S MUSE IS A "HE" AND A TARTAR

Sparks' Head of Police Department Has a Fearful Battle in Which Other Officials Subsequently Assist Him

Chief of Police Malay went out into the wilds of Deer park to consult the Muses yesterday afternoon. The chief wants to know whether he is to be his own successor. The Muses ought to know, if they know anything. The Muse he consulted didn't know however. In fact the information of this particular one of the Nine regarding police and constabulary affairs in general, was very meagre. Indeed, so unversed was the Muse in this branch of municipal government that he—it was a "he" Muse—had a notion he could allow his herds to roam at will over the city parks and boulevards. The big chief took official cognizance of the dereliction and, failing to receive any information for his own reassurance, advised the bum oracle that he must herd his flock.

"Go and take a long run and jump at yourself," sneered the Muse. 'What do I care for the likes o' youse. Youse and the mayor and the city council and the city attorney and the whole dum misgovernment can go—."

"Hold on, partner," cried the chief defender of the municipal dignity, "not a word more. You may abuse me, but not my superior. Do you understand?"

"I don't need to understand the like o' youse," the enraged man shouted, and flew at the chief of police like an angry hen at a Newfoundland pup. The chief drew his cannon from his vest pocket and the Muse paused for inspiration.

Thus ends scene the first.

Chief Malay proceeded in a dignified manner to the hall of justice to procure a warrant, since the Muse did not care to visit the city magistrate without an invitation from headquarters, but upon arriving there he found the Muse awaiting him. Forthwith ensued a scene. The oracle from Deer park assumed a Cyrano de Bergerac pose and began to expatiate upon the demerits of the municipal administration. The chief deputy assessor, Martin, Judge Pollock and others flew at the anarchist and the scene closed with a climax such as would arouse any gallery to a frenzy of excitement.

At the close of the play there was enacted a brief epilogue in which Austin and Macpherson appeared as support to the leading man in the amount of $100.

A CHANGE IN THE DISPATCHERS' OFFICE

In accordance with the change in the dispatching service announced in Sunday's Journal, Ditpatchers McDonald and Kidd left Sparks last night on No. 4 to go to Minnemucca, where they will be joined by Dispatcher Good of Ogden and install a dispatching station at that point.

Mr. McDonald who will be in charge of the office as chief dispatcher, is getting in excellent form for the responsible duties. He has cultivated deep lines upon his brow and accomplished an air of ponderous responsibility. Chief Delmore is very proud of him.

Dispatchers Tom Fitzgerald and Snyder left on No. 26 last night for Mina to install the Mina station. Mr. Fitzgerald will be in charge of the company affairs at that point.

The arrangement leaves Dispatchers J. A. Mayes, R. H. Rice, F. F. Small, O. Murrie, E. R. Stinson and T. F. O'Grady to attend to the operation of trains from this point. Chief Dispatcher Delmore will remain at Sparks and exercise superintendency over the dispatching forces of the division. The new arrangement is expected to result very advantageously.

Ditpatcher Mayes drew the lucky number and secured the first trick. He is not only lucky but deserving. Dispatchers Stinson and O'Grady are away on a vacation but will return during the week.

SOUGHT SLEEP ON BED OF DEADLY FUMES

Because they sought a warm place to sleep, one tramp lost his life through asphyxiation and another came perilously near losing his last Saturday at Carlin.

For bed they sought a carload of cinders, the fumes of which proved fatal in one case. The identity neither is known. It is thought the life of the survivor will be saved.

RETURN FROM YERINGTON

The Rev. Mr. Belham, Mrs. Beemer and Mrs. Butler returned yesterday from Yerington, where they went to superintend the installation of a chapter of the Eastern Star. The installation ceremonies were followed with a banquet and appropriate speech making. The visitors are enthusiastic in their praise of the enterprise of the people of Yerington.

SPORTS

RENOS ARE TO MEET THE DOUGHY HERCULES

Excursion Rates for Sunday's Game Have Been Arranged from Virginia City and Carson---Kelly to Umpire

The game on the local diamond next Sunday between the Hercules team of Pioche and the Renos promises to be one of the hardest fought battles ever witnessed in this city. The visitors have held the championship of California for several years among the independent teams, and are held in the sister state to be invincible outside the Pacific league.

Manager Conway has arranged for excursion rates from Carson and Virginia City, and a crowd of fans are expected from these two places. Marx, who manages the Hercules team writes that at least thirty fans will accompany his team to root for the Pioche boys.

Their pitcher will be Jack Swanton, whose reputation as a twirler is of the gilt-edge kind. Charley Pare will catch for them.

A band has been engaged to parade with the boys on Sunday at 12:30. "Million Dollar" Kelly will umpire the game.

RACES AT OAKLAND

SAN FRANCISCO, May 15.—George P. McNear, a heavily-played second choice, scored a clever victory in the $1000 Frenzy handicap at Oakland today. After the Borgian and Cadichon tired, the winner closed fast and led Reservation home by over a length. Cadichon beat J. C. Cleo for the show. Talentosa, owned by Thomas H. Williams, took the first race at odds of 8 to 1. Results:

First race, seven and a half furlongs, selling—Talentosa won, Kruka second, Curriculm third. Time 1:35.

Second race, six furlongs, selling—Hilo Deddoro won, Catla second, Silverline third. Time 1:13 1-5.

Third race, five furlongs—Raleigh won, Tirmaway second, Daily third. Time 1:00 4-5.

Fourth race, the Frenzy handicap, one mile and a sixteenth, purse $1000—George P. McNear won, Reservation second, Cadichon third. Time 1:45 4-5.

Fifth race, futurity course, selling—Misty's Pride won, Gossiper second, My Choice third. Time 1:09 4-5.

Sixth race, five furlongs, purse—Native Son won, Fireball second, Quarrelsome third. Time :59 4-5.

THE COAST LEAGUE

PORTLAND, May 15.—The first game of baseball of the season in this city was celebrated after a parade headed by a brassband. The Portland team celebrated the day by handing the game to San Francisco by the score of 4 to 3. Neither team was very effective at the bat and were unable to score except in one inning apiece. Score:

San Francisco	4	8	3
Portland	3	8	3

Jones and Street; Groom and Donahue. Umpire—Derrick.

SAN FRANCISCO, May 15.—Oakland made a whirlwind finish of today's game. With a lead of one run in the eighth, the Oakland batters lighted upon the pitching of Carnes so heavily that five runs were made on five hits. The fielding of the southerners was not up to the standard. Score:

Los Angeles	3	6	4
Oakland	9	13	0

Carnes and Hogan; Cates and Bliss. Umpire—Perrins.

SPARKS HIGH IS TO TACKLE RENO'S ATHLETES

The Sparks high school is making great plans for the annual academic field meet to be held in Reno Saturday afternoon. A supply of horns, badges, whistle canes and banners is being procured and the school will attend in a body to cheer its favorites to victory.

Harry Bridges, Walter Butler, Francis Cunningham, Otto Curnow and Willie Heany will represent the school in the events of the day. The boys have been training faithfully and stand a good chance to win a creditable position.

The people of Sparks are taking considerable interest in the event and many will attend to lend encouragement to their contestants.

HNW CAN YOU DO IT?

Here are some figures from the best sources possible that ought to set you to thinking if you have kidney disease.

Dr. Loomis of Bellevue Hospital states from clinical observations and a large number of autopsies at Bellevue that nine-tenths of men and women over 40 have Bright's Disease in some form.—See Denver Medical Times, December, 1903, p. 304.

And the census shows that over nine-tenths of all the deaths from kidney disease the last census year were really due to Bright's Disease, viz., 58,000 out of 63,000.—See U. S. Census for 1900.

Although Dr. Loomis is an authority and it is presumptuous, yet we cannot believe with him that nine-tenths of all people over 40 have Bright's Disease. We think he would have been nearer the facts if he had said that nine-tenths of all people having kidney trouble have Bright's Disease, for the census figures cannot be denied and show conclusively that nine-tenths of all the dead from kidney troubles had Bright's Disease.

How on earth, then, can people with kidney trouble afford to take anything but Fulton's Renal Compound, the only known specific for Bright's Disease?

It is superseding kidney medicines. We are the agents. J. B. McCullough, Druggist, Reno, Nevada.

WONDERFUL MINES DISCLOSED IN NORTHERN WASHOE

DEVELOPMENT WORK WILL BE ACTIVELY PROSECUTED

A. B. Gray Has Recently Visited the Donnelly Mountain Country and is Very Much Pleased at the Wonderful Mineral Showing.

Mr. A. B. Gray, of Denver, Colorado, is a visitor in Reno, having come to our city on business concerning the new Willow Creek, Donnelly Mountain and other northern mining districts, in which he and his business friends are interested. Mr. Gray has been an active politician for a number of years in Colorado, during that time having been deputy auditor of state, secretary of the state board of equalization and for four sessions in charge of the clerical forces of the Colorado legislature. He has also been for years the legislative representative of several railroads, and his advent into Nevada is greatly appreciated by his many friends now residing in our state. It is more than possible that Mr. Gray will make his future home in Nevada, and with that in view is looking over Reno for a good site for a home.

Mr. Gray's associates are among the high officials of the Western Pacific and other railroads, some of whom are owners of mining property in the new silver, gold and lead districts of northern Nevada, and it is in connection with these largely that Mr. Gray is now here.

We have spoken in a former issue of the great discoveries at Willow Creek, and Mr. Gray informs us that six miles east of the now famous Willow Creek is what is called Division Peak, or Donnelly Mountain, where large bodies of high grade gold ore is to be found, some of which gives assays into the thousands of dollars per ton in gold from picked pieces. The main ore, however, ranges from twenty-five dollars to a hundred dollars per ton in gold.

As an illustration of what is being done in that section, says Mr. Gray, take the case of Mrs. Alex Ransom, an artist whose pencil and brush has added to the collection of beautiful views in Nevada mountain scenery. She accompanied her husband to Donnelly mountain, and having been raised in mining camps, intuitively knew all about veins, dikes and ores. Soon after attending to the duties of their camp, spent some of her time with her children prospecting at or near their tents. She found the vein upon which is now located what is called the Midnight Test, Fourth of July and Holiday claims, in which Mr. Gray and his associates are interested. She also found pieces of ore containing free gold in such quantities as to cause her husband to begin work on the properties. One of the pieces found by this lady and now in the possession of Mr. Gray, is about half gold, and of pieces showing considerable coarse gold any number of specimens are laying all about the office. The property adjoins the Belle of the West claim, owned by James Raser, the ore of which is familiar to many in Reno. Mr. Raser some time ago shipped to Reno by wagon about fifteen hundred pounds of the ore and received fifteen hundred and fifty dollars therefor. It was simply a sample to ascertain its value. Since that time Mr. Raser has sunk an incline shaft on his property to a depth of about three hundred feet, and a mill run of 500 pounds, lately sent out for test, gave a result of five hundred and fifty dollars. Of course this ore was selected, but there is today on the dump over ten thousand dollars' worth of ore, the same being of an average of over eighty dollars per ton, to say nothing of ore of lower grade in abundance.

Mr. Gray is enthusiastic over this part of the northern country. It is estimated by his associates that the tonnage at Willow Creek alone, to say nothing of the Donnelly Mountain, Nigger Creek and other immediate districts, will warrant the building of a branch line of railroad to connect with the Western Pacific. Mr. Gray is here now for the purpose of obtaining the necessary right of way, and completion of the necessary incorporation papers in this state for the building of such a road.

Reno, says Mr. Gray, will be greatly benefitted by this northern work. Why, today, he says, Mr. Ransom, the superintendent of the Willow Creek Extension Mining Company, above mentioned, is shipping a half ton of giant powder, together with two tons of steel rails and other supplies, for the men at work. Johnstone and Fear have just sent out, or are sending, a four-horse team loaded with supplies for their Willow Creek mines. John Harnan has two car loads of supplies going over the N. C. & O. road to be reshipped to Willow Creek, and all of this together with many prospectors, who are rushing in, is all purchased in Reno.

Mr. John Harnan, a Colorado man of the famous Portland Mine at Cripple Creek, is building an automobile road into Willow Creek. This will be finihshed in a short time, and by auto you will be able to go to Willow Creek and the adjoining districts in one day.

Now, says Mr. Gray, take into consideration the Rosebud district, the Mazuma, the Seven Troughs, all of which have ore and are within a radius of fifty miles of the nearest point from Willow Creek, which will be reached by the Western Pacific railroad, and you will understand what these new discoveries mean to this railroad, and you will look at the map and see where that road is going to run, the necessity of several branch lines to connect with the main roadway.

Rumors, and reports of the vast amount of silver and lead ores to be found in this part of Nevada, and with the gold and copper ores which are being found around Division Peak, Jackson Mountain and even to the Pine Forest mountains, have been wafted over your deserts to the great mining and railroad centers, but it is only within the past few months that positive evidence in the shape of ore bodies that can be measured and tested have been obtainable.

It is estimated that about a thousand miners and prospectors are now in and around Willow Creek. Many have taken their families with them and have gone to stay, so that you can rest assured of a new city the northern part of your state in the near future; and says Mr. Gray, when you see the names of the gentlemen attached to the railroad in corporation papers, and who are interesting themselves largely in the mines of this part of Nevada you will be satisfied that their names alone give assurance of something good and permanent in Northern Nevada.

RICH GOLD MINES COMBINED IN ONE GIANT COMPANY

FAMOUS OLD MINES IN NEW COMBINATION

Colonel F. H. Baker Has Taken Over Twenty-six Claims and Incorporated Same Under Name of the Nevada Mammoth Mines Company.

Colonel F. H. Baker, city attorney of Yerington, is in Reno and speaks in enthusiastic terms of the future of that great mineral-bearing area. Colonel Baker has the honor of being one of the oldest, if not the oldest, practicing lawyer in the state of Nevada, and his first certificate, issued by the supreme court of Georgia, bears date on the 19th day of February, 1857, and while he is an able lawyer, he devotes very much of his time to mining propositions, and is identified with a number of valuable propositions in that section.

Colonel Baker recently secured control of an enormous estate of twenty-six claims, located eighteen miles south of Yerington and one and a half miles from Walker river. In this group is the famous Cambridge property which has a record output of $1,000,000 in gold and was located in 1860. This enormous output was secured at a depth of less than 350 feet and the best authenticated reports show that the general average of the ore was $26 per ton in gold. The old stamp mill through which this ore was run now stands as a monument of the greatness of the old Cambridge mine.

There are a number of well-defined leads within the lines of the claims referred to, and the veins run from ten or twelve inches to twenty-five feet in width. This extensive holding has been incorporated under the name of the Nevada Mammoth Mining Company, and Colonel Baker is president.

Adjacent to the latter property is the old Wheeler & Wilson estate, with its record output of $7,000,000 in gold which was all extracted at a depth of less than 200 feet below the surface. A tunnel is now being advanced 5000 feet to cut this level at great depth and this tunnel has already attained a length of 1400 feet.

BLACK CANYON IS A WONDERFUL MINE IN INYO

SYSTEMATIC DEVELOPMENT NOW BEING ADVANCED

This Great Proposition is Rapidly Coming to the Front, and Recent Disclosures Positively Demonstrate It a Big Mine.

Most favorable reports are being received from Inyo county, and from Skookum, on the north to Skidoo on the south rich finds and earnest prospecting is the order of the day. The Black Canyon Mining Company, whose very valuable estate is situated near Bishop, is the center of interest and this corporation has sixteen men on the payroll, and this force will be increased as soon as men can be secured. This proposition has been undergoing systematic and judicious development for many months, and it is now proposed to advance a series of cuts on the surface, on top of the bluff, in order to disclose the full strength of the ore body at this point. These operations will probably cover a period of three weeks and will prove the depth of the ore body to at least 300 feet.

Great activity is reported in the stock and Colonel M. T. Stovall, who controls a majority of shares, was a few days since offered $5,000 cash as a bonus for a ninety-day option on a block of 100,000 shares at 35 cents per share. While this would ordinarily be deemed a very fair offer, it is not the actual worth of the stock of the Black Canyon Company, but it would seem from this offer that the public fully appreciate the great value of the proposition. Within ninety days the contact will have been reached, and the would-be purchaser thought $3,000 was reasonable for an option on this stock.

However, in this case, Col. Stovall is in close touch with all operations and is in a position to know better than anyone else what the future will demonstrate. While every indication goes to sho what this contact will be cut within thirty days, it will readily be understood that the option, being for ninety days, would give the purchaser sixty days in which to watch developments.

In the meantime a force of men is employed extracting ore from the stopes, the best of which is sacked and the balance thrown over the dump.

Aggressive operations are being advanced on the property of the Bishop Creek Gold Company and every effort is being made to at once place sufficient supplies on the ground to last for the season before the high water in Owens river. To this end compressors, power drills, lumber, etc., are being moved by mule teams from Laws, the railroad point, to a point as high on the mountains as snow and road conditions will permit.

All of this activity in and around Bishop has prompted the Western Union Telegraph Company to put an office in Bishop which connects with Laws by telephone, and hence all telegrams must come via Laws. The office will be completed in a few days and Bishop will then have direct communication with the outside world.

The large amount of freight and machinery now being taken into this section has prompted local capital in Bishop to take up the matter of at once building an electric line from Laws to that place.

About four miles of track will be necessary to connect the two towns and this will probably be narrow guage, to accommodate the transfer of cars of the N. C. railroad, and cars could then be switched to Bishop without transferring to teams, as is now the case. For this purpose an abundance of power is easily obtained, and as the proposition is a very feasible one, no doubt electric cars will be running over this new line before the snow flies.

TEX RICKARD IS IN RENO AND DECLARES FOR ELY

One of the best known men in Nevada is Tex Rickard for he has done much in this state to bring it to the attention of the investor and his present operations at Ely exemplify that he is indeed a factor in mining operations here

Mr Rickard arrived in Reno yesterday from Ely en route to Goldfield This gentleman is connected with some of the biggest propositions in Ely district and is now employing a large force of men thoroughly exploiting these properties

In speaking of Ely district yesterday Mr Rickard said that he believed it will be one of the biggest cities in the state for the biggest copper deposits in the world are located there and the men and the money are now in that field Hundreds of men and millions of dollars are being expended on this great copper zone and every day's development emphasizes the strength and richness of the ore bodies

Mr Rickard states that an offer has been made for the Gans-Nelson fight for Ely but he does not believe that the terms can be agreed upon for he thinks that they are only looking for advertising

Mr Rickard left last evening for Goldfield on business connected with mining matters but would not say [illegible] was in contemplation

NOTICE

In the Second Judicial Court of the State of Nevada in and for the County of Washoe

The State of Nevada sends to Ada L Glasier greeting

You are hereby required to appear in an action commenced against you as defendant by Arthur B Glasier as plaintiff in the second Judicial District Court of the State of Nevada in and for the County of Washoe and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service) if served in said county or twenty days if served out of said county but within said district and in all other cases forty days or judgment by default will be taken against you according to the prayer of said complaint. This action is brought to recover judgment against you dissolving the bonds of matrimony between you and the said Arthur B Glasier on the ground that you disregarding the solemnity of your marriage vow willfully and without cause deserted and abandoned the said Arthur B Glasier and ever since have and still continue so to willfully and without cause desert and abandon him and to live separate and apart from him without any sufficient cause or reason against his will and without his consent

All of which will more fully appear from the complaint which is on file in the office of the clerk of the said court at Reno in said county and to which you are especially referred And you are further notified that if you fail to appear and answer said complaint the said plaintiff will apply to the court for the relief demanded

In testimony whereof I have hereunto set my hand at Reno this eighteenth day of April A D, 1907

"BULLFROG" SMITH AIDS STUDENTS WITH GIFTS

Ten Scholarships for $100 Each Given to the Bright Members of the Mining Department of the University of Nevada--Winners Name's Later

"Bullfrog" Smith has given ten $100 scholarships to the bright students in the department of mining at the University of Nevada. The awards of the scholarships have not all been made, although Fred Stewart, of Bishop, Cal., and W. W. Anderson, of Hazen, have been honored.

Complete announcement of the winners of the scholarship will be made commencement day.

Smith, who is one of the principal operators in the vicinity of Rhyolite, believes that financial aid extended to the students will help greatly the cause of education.

ST. PETERSBURG, May 15.—An imperial order was issued today creating the Princess Anastasie of Montenegro, who was married May 12, at Yalta, to the Grand Duke Nicholas Nicholaievitch, a grand duchess and announcing the emperor's sanction for the union. No formal cognizance had hitherto been taken of the marriage, owing to the attitude of the orthodox church towards the remarriage of divorced persons, the grand duchess having been divorced from her first husband, Prince George Cummanowski, duke of Leuchtenberg.

GEORGE S. NIXON BUYS M'DONALD PROPERTY FOR $25,000

GEORGE E. HOLESWORTH ACTS ONLY AS AGENT

Location Is a Very Desirable One and the Purchase Price is Considered Fair

George S. Nixon has bought the MacDonald property on Mill street for $25,000, George E. Holesworth acting as agent. This is one of the choice residence properties in Reno and the price is considered fair. Mrs. Mary Margaret MacDonald, as administrator of the estate of her late husband, Thomas P. MacDonald, also disposed of the furniture and other household goods, all of it being included in the purchase of the property. Mr. Nixon also purchased from Holesworth and his wife lots 5 and 6 in block N, Shoemaker & Haydon's addition.

TEAMSTER HAS TROUBLE.

A large crowd of disgusted spectators gathered on Virginia street, near Commercial row, yesterday afternoon to witness the outcome of a one-sided fight between Manager Cunningham, of the Reno Truck and Transfer Company's office, and a drunken teamster. Cunningham, who told the teamster not to return, knocked him through the door. The man maintained that he would return till he had been paid what was coming to him, and Cunningham struck him, knocking him into the gutter.

The W. R. C. Dinner

The ladies of Gen. O. M. Mitchell W. R. AVENUE OF LIGHT IS PLANNED ON VIRGINIA

Electrician Caffrey Tells of Project to Parallel Thoroughfare from River to Commercial Row with Gas Arc Lamps on Ornamental Supports

Gas arc lights, supported by ornamental poles, located every fifty feet on both sides of Virginia street from the Truckee river bridge to Commercial row will be installed if the present plans of City Electrician Caffrey are carried out. Caffrey estimates that the cost of construction of the project will be small. He says the work could be done without tearing up the pavements to any considerable extent.

The city electrician recommends the project to the council. He says in the annual report that the work could be completed in such a manner as to add to the attractiveness of Virginia street, and that the plan would be a great advertisement for the city.

Twelve thousand sixteen candlepower electric lights were installed in the stores, offices and homes of Reno during the last fiscal year, according to the annual report of City Electrician Caffrey.

RAILROADMEN ARE INVITED TO A BIG BLOW-OUT AT LAKE TAHOE

Traffic agents, members of the California association, will be the guests of the Lake Tahoe Railway & Transportation Company on May 31. Manager Haley has consented to be the host on the occasion of the visit of the representatives of coast railroads at the great resort.

An invitation has been sent to E. W. Clapp and A. H. Pett of the local Southern Pacific office to be present at the affair, and both have agreed to attend. At the Tavern an informal dance will be held, and the attendants will make the trip around the lake.

BAD BILLS IN CARSON.

CARSON CITY, May 15.—Bad bank notes were passed here this morning on three business houses, resulting in the arrest of three men. An armed deputy sheriff mounted on horseback ran down J. Lindsley at Franktown when he was trying to escape. A. Crocker and W. J. Burke are the names given by the other two men arrested. They said they are Southern Pacific detectives and that they were on the trail of Lindsley.

POLICE COURT METHODS HAVE BAD EFFECT ON PEACE

The easy-going method of handling vagrants in the dragnet of the local police department is having its effect in the frequent reports of smaller thefts and burglaries committed about the city. These crimes are evidently the work of that gentry, and as long as no effort is made in the police court to sift cases, and adequately punish those who are found to be of the vicious class, there is little prospect of an abatement.

Yesterday afternoon a tramp was arrested by Officer Tolley, and was found to have in his possession a lot of jewelry and several razors. He is being held pending investigation of his record.

Savage-Burrus

The nuptials of Pearl L. Burrus and Louis A. Savage occurred yesterday afternoon at the home of the bride's parents, the Rev. Samuel Unsworth officiating. Dinner was served after the ceremony for a few guests, intimate friends of the contracting parties. The young couple will spend their honeymoon in Mexico.

"GUILTY I PLEAD, BUT GUILTLESS I AM."--Abe Ruef in an Interview

"I DON'T GIVE A DAMN FOR THE GRAND JURY"

TREMBLING LIKE A LEAF THE SAN FRANCISCO BOSS FACES THE PENITENTIARY

GUILTY OF THE CRIME OF EXTORTION

After Fruitless Efforts to Dissuade Him from His Intended Action, His Attorneys Withdraw, and Then, Pale and Nerveless, the Disgraced Politician, in a Dramatic Scene, Owns His Sin

SAN FRANCISCO, MAY 15.—ABRAHAM RUEF, BETTER KNOWN AS ABE RUEF, THE ACKNOWLEDGED ADVISER OF MAYOR SCHMITZ AND ONCE THE RECOGNIZED DICTATOR OF MUNICIPAL AFFAIRS IN SAN FRANCISCO, PLEADED GUILTY TO THE CHARGE OF EXTORTION IN JUDGE DUNNE'S DEPARTMENT OF THE SUPERIOR COURT TODAY. SENTENCE WILL BE PRONOUNCED UPON HIM TWO WEEKS HENCE.

[illegible]

THOUGH ABRAHAM RUEF HAS VOLUNTARILY DECLARED HIMSELF TO BE GUILTY OF THE CHARGE ON WHICH HE WAS ABOUT TO BE TRIED, HE NEVERTHELESS PROCLAIMS HIS INNOCENCE.

[illegible]

Is what an advisor of Mayor Schmitz's told an Associated Press reporter when seen at his Fillmore-street jail

[illegible] conversation [illegible] with a representative of the Associated Press [illegible] at the house at No. 2849 Fillmore street, which for the last month or more has been his prison, Ruef said:

"I CHANGED MY PLEA TO GUILTY IN COURT TODAY. YES, [illegible] YOU MY SOLEMN WORD THAT I AM AS INNOCENT AS YOU ARE. I HAVE BEEN GUILTY OF CONNIVING AT THE CORRUPTION OF MUNICIPAL OFFICIALS, BUT IN THESE FRENCH RESTAURANT CASES I AM NOT GUILTY.

"Since my action of this morning I can have no motive in misleading you [illegible] this point I shall not mislead [illegible] with my personality and leaving out of consideration the feelings of those who love me and have stood by me, I could spend five years in San Quentin almost as comfortably as in a hotel at Napa Springs. But if the step I took this morning had meant five years or fourteen years or fourteen hundred years, the test of that would not have deterred me.

"I HAVE MADE NO CONFESSION. I KNOW MUCH. SOME THINGS I SHALL TELL, SOME THINGS I SHALL NOT TELL. WHENEVER AN INNOCENT MAN HAS BEEN FORCED INTO CORRUPTION AGAINST HIS WILL THAT MAN I SHALL PROTECT. WHENEVER A MAN, BE HE HIGH OR LOW, HAS ENTERED INTO CORRUPTION WILLINGLY, WITH HIS EYES OPEN, THAT MAN I SHALL EXPOSE.

"I will not say at the present moment that Mayor Schmitz is guilty of the charges that have been brought against him or that he is innocent. I will say [illegible] I wanted to break away from Schmitz before his re-election a

EXPOSURE AWAITS COMPANIONS IN GUILT

"I know much," said Ruef. "Some things I shall tell. Some things I shall not tell. Whenever an innocent man has been forced into corruption against his will, that man I will protect. Whenever a man, be he high or low, has entered into corruption willingly, with his eyes open, that man I shall expose."

Francisco had taught the public to believe that every officeholder was a crook, that the whole city government was [illegible] from [illegible] and that no privilege could be obtained unless it were paid for.

It is strange that those systematic attacks, though frequently guaranteed in nothing more tangible or truthful than personal suspicion in private quarters, should have led the [illegible] as to the real situation. The officers of corporations are not bad men. They do not belong to the criminal class. They no more desire to commit the crime of bribery than the newspapers or the public desire that it should be permitted. But franchises are necessary to the

"LABOR LEADERS EAT THE PAINT OFF A HOUSE"

[illegible] Never [illegible] in the wide world [illegible] have been convicted [illegible] No one knew this as well as [illegible] I pleaded guilty to [illegible] eyes of those who are near [illegible] dearest to me on earth [illegible] truth when I [illegible] my father, my mother [illegible] sister had been compelled to [illegible] the strain of my trial lasting [illegible] two months and possibly [illegible]

[illegible] eyes were filled with [illegible] When he said this [illegible] and [illegible] gazed out of the window [illegible] When he had [illegible] himself he turned and with [illegible] went on:

"You don't know what they have suffered in these last few months [illegible] I would tell you that I could [illegible] night after night—every night—my father and my [illegible] come [illegible] sat for [illegible] hours saying nothing, seeing nothing [illegible] the clock [illegible] and the [illegible] window— [illegible] night I gathered my family [illegible] would mean [illegible] would [illegible] death.

[illegible]

[illegible] year ago last November and said to [illegible] the whole thing [illegible] I want to get out. I can't stand for all these labor union bums you have gathered around you and will appoint. They would eat the paint off a house.' In answer the [illegible] begged me to stay with him and put up the argument that these fellows must be allowed their share or we could never hold the machine together. There was [illegible] truth in that.

"I stayed with Schmitz and I stayed with the machine that I and [illegible] and pains had built up and [illegible] I found then [illegible] taken [illegible] step away from the high and [illegible] deals with which [illegible] you [illegible] entered the political field. I found then that to hold this machine together I had to permit and connive at corruption. [illegible] state of affairs existing it was necessary. But I myself never asked a dollar of any man, never took [illegible] dollar from the public [illegible] thing [illegible] things that hurt me [illegible]

"Before the boodle board of supervisors was elected I warned them against crookedness in office. Immediately after their election I got them together and I said to them: 'Now you—if any one of you takes a dollar I'll prosecute you myself and I meant it.' I was in earnest. But I found I could not carry out my threat and keep the machine from going to pieces. Schmitz was right about that.

"And [illegible] of this corruption was needless—reckless. I mean from the [illegible] Everybody wanted the street railways [illegible] There would have been no opposition if the application had been merely [illegible] customary [illegible] before the board. It would have been granted. But the press of San

conduct of their business and when they are taught to believe that such privileges cannot be obtained without the exercise of dishonest influences, they frequently do commit the crime of bribery rather than forego the thing they need.

"And [illegible] Suppose [illegible] United Railroads sent word that there was $2,000 or $4,000 apiece for the supervisors [illegible] would [illegible] at the United Railroads offices. And suppose that those supervisors trooped up there one by one and took the dirty money. Such [illegible] would in almost instant exposure and scandal and absolute [illegible] of the end sought. But suppose that the United Railroads came to me, a lawyer and a political leader, and asked me to accept a fee to manage the matter for them. Suppose I refused. Suppose then they [illegible] supervisors got wind that there was money to be had and I found out that they meant to get it. Would I still refuse to handle the matter for them

LABORS OF THE WATERWAYS BOARD ARE BEGUN

COMMISSION STARTS DOWN THE MSSISSIPPI

Senator Newlands, Who Is Vice-Chairmas, Is with the Party on the River

CAIRO, Ills., May 15.—The Inland Waterways Commission, with Representative Burton as chairman and Senator Newlands of Nevada as vice-chairman, assembled at St. Louis on Monday for the trip down the Mississippi that had been decided upon at Washington when the commission held its first meeting there the previous week.

Banquets were tendered to the commissioners, which were accepted and at which speeches were made showing the general realization of the importance attached by the public to the commission's work. Much interest has been manifested too everywhere.

The commission started on Tuesday morning from St. Louis on the steamer Mississippi and reached Cairo this morning after having examined on the way the government work in protecting the banks, preventing bars from forming in the channel and deepening the channel itself.

The trip down the river will be continued and it is expected to reach New Orleans in seven days.

The work of the commission includes the examination of the Great Lakes and the rivers of the Pacific coast, including the Sacramento and the San Joaquin. The body was named by President Roosevelt for the purpose of examining the waterways of the country, reporting upon their condition and recommending a comprehensive plan for their improvement.

SAYS CONDUCTOR ROBBED HIM

NEW YORK, May 15.—That a conductor of the Grand street cross-town street car line turned out the lights of the car, knocked him down with a blackjack and robbed him of $980, a gold watch and a diamond ring, while he was a passenger upon the car, was the complaint made to the police today by Antonio [illegible], a hospital nurse.

Talesmen Question Orchard's Confession

BOISE, May 15.—The unexpected uncovering of a vein of prejudice against Harry Orchard and his testimony during the further examination of talesmen in the Steunenberg murder case today led to the first sharp wrangle between counsel and involved the name of President Roosevelt in the acrimonious discussion.

Samuel Wingate, the eleventh talesman, [illegible] developed was biased against Orchard. Wingate was upon this excused, the defense excepting to the court's ruling, and from these [illegible] word the state was particular to test all talesmen on that principle.

Talesman A. P. Burns, who finally succeeded to Wingate's seat, said under oath that he was not prepared to give the same credence to Orchard that he would extend to other witnesses.

TWO POUND BABE IS BORN AT HOTEL IN RENO

A VERY small addition to Reno population is reported in the shape of a lilliputian girl born at the Clarendon hotel last Saturday. At birth the tiny midget failed to tip the scale at two pounds. Mother and child are now being cared for at the county hospital and are doing well. The child is strong and fully developed. It is the smallest child ever given birth to in Reno.

BROCK AND SMITH RAILWAYS MAY HAVE UNITED

THAT'S WHAT DISPATCH FROM LOS ANGELES SAYS

LOS ANGELES, May 15.—According to a special dispatch from Rhyolite, the Brock and Smith railroad interests there, embracing the Goldfield and Tonopah road and the Tonopah and Tidewater line, have combined for mutual benefits and for the purpose of offering united opposition to the Clark railroad interests in Nevada. It is stated that the Smith line will build its terminals at Rhyolite where those of the Brock line already exist. The result of the alleged combination would be an alignment of the Southern Pacific and the Santa Fe against the San Pedro, Los Angeles & Salt Lake road.

DENVER, May 15.—Wages of passenger conductors on the Denver & Rio Grande railroad will be increased $10 a month. Those of passenger firemen and brakemen $6.50 a month, and a general increase of 6 per cent will be given all men in the freight service, and overtime paid for on a pro rata basis.

CITY ATTORNEY KING ORDERS THE SHACKS DOWN

NEW OFFICIAL WOULD STAND NO NONSENSE

One Menace to the City's Building Gone Already and Other Is to Go

City Attorney Frank D. King has summarily disposed of the shack menace on East Second street. The proprietor of the shooting gallery tore down his building yesterday in response to the demand made by King. The owners of the fruit stand were given two days to sell their stock. Then that low structure, too, will be carried away.

As soon as he became city attorney Frank King did not wait for the slow action of the municipal court to rid the city of the menace to business interests. King served notice on the shack occupants that they would have to vacate the premises immediately. No bluffing was tolerated. The result was apparent in a few hours.

RAILROADS GIVEN THIRTY DAYS TO OBEY LAW

STATE COMMISSION MAKES A BOLD MOVE

Within thirty days all the railroads of Nevada will be operating in conformity with the maximum rate law, or the commission will proceed at once to enforce the provisions of the act passed by the last legislature. The railroad commission met yesterday in Carson City and decided on this course.

Notification of the action will be sent by Secretary Walker today to all lines of the state.

Promises that they will abide by the maximum rate law were received from the Virginia & Truckee and the Nevada Central, which announced that they were engaged in altering their schedules to conform with the statute. It is not believed by the commission that the Southern Pacific or any other line intends to live up to the threats announced from time to time of fighting the law.

Buy Your NEW Spring Suit from Us and We Will Keep It Looking NEW

Each Week for Six Months Our Expert Tailor will Press Out Every Wrinkle

A tailor or clothes-cleaner charges you at least 50c every time he presses your suit for you, doesn't he? Suppose he pressed it 25 times or once a week for six months—ten dollars is a very conservative estimate of what you would have to pay him, is it not? Then this proposition we make you, Mr. Particular Dresser, is worth $10 to you, don't you see?

And then another thing—the suit you get from us is of the highest grade, better looking, better fitting, better styled than any other suit you can get elsewhere in this city for the same money. We sell clothing which in fit, style and workmanship stands in a class alone. You will find that these clothes have distinction—and that fact will be evident as soon as you slip on the coat. You will find that these suits hold their shape—that is assured by the careful tailor work. You will find that they cost as little or less than ordinary clothes—that is obvious at once.

A FREE PRESSING TICKET GOOD FOR 25 PRESSINGS

Given with the Purchase of Every Suit Costing $20 or More

These tickets entitle you to have your suit pressed 25 times—once a week or as often as you may wish. Whenever you think it needs pressing bring it in to us and we will deliver it to your address with the trousers nicely creased and every wrinkle gone from the coat and vest.

SUMMER UNDERWEAR

We have the most complete line of high grade summer underwear to select from this spring we ever carried. All grades from 50c to $6.00 per garment.

MEN'S NIGHT ROBES

A swell new lot of fine night gowns and pajamas just in. Made from fine soft cotton and silken materials. Plain or fancily trimmed. $1.00 to $5.00.

BUSTER BROWN BLUE RIBBON SHOES

For Well Dressed Boys and Girls

All the brightest children in this whole United States wear Buster Brown Blue Ribbon Shoes. Bright children, you know, always have bright parents and it's the bright parent that recognizes the superior merits of Blue Ribbon Shoes. By the way, boys and girls, Buster Brown himself and his clever dog Tige are going to pay Reno a visit in less than a month and we're going to hold a big reception for him here at the store. Buster will want to meet you of course, and he'll like you best if you have on a pair of Blue Ribbon shoes.

ABE RUEF PLEADS GUILTY TO THE FELONY CHARGE OF EXTORTION

HE WILL EXPOSE THE CORRUPT

(Concluded from page one)

shame and disgrace by any confession of mine. Others there are who went into the smoke with their eyes open, knowing full well what they were about, and as to these I shall speak freely and fully when the time comes.

"Mr. Burns, of the prosecution"—who interrupted Ruef for a few minutes while he was making this statement—"has just now asked me if I were willing to go before the grand jury this afternoon and 'tell all.' I told him I certainly was not. I don't give a damn for the grand jury. Why should I But there is this about it. When I have shaped my course and made up my mind in every particular as to how I shall act, then I'll be willing to go before the grand jury or before William J. Burns, or Heney, or anybody they may appoint, and tell them what I have decided to tell.

"I have no doubt that my action of today, my determination to face about, and my future actions in this regard, will serve with very many people to brand me a turncoat and a coward. I can only declare and maintain that my motives are good. I am aware that I have many enemies, some very bitter and very powerful. I hope that I have, too, some friends. I have never pulled a man down, I have helped many a man up. There are 3,000 persons in this city now occupying positions gained for them through my help, which are paying higher salaries than ever they before knew anything about. No one of them ever paid me a dollar for the service I rendered them; no one of them ever contributed at my request or by my cause a single dollar to a campaign fund.

"One word finally. I never in my life did a man a wrong. I never pulled a man down. I never asked a favor. I never sought a fee. I never took a dollar from the public. I have been guilty, and I confess it with more emotion than you can see, of connivance at corrupt acts. For my guilt, in so far as I am guilty, I must suffer; and I am ready to accept the penalty, whatever it may be. But of many things the press has so bitterly and so relentlessly charged against me, I am as innocent as are you. This is true of many others beside myself, who also have been made to feel the flame of unfair accusation."

In changing his plea in court today, Mr. Ruef spoke as follows:

"If your honor please, I desire to make a statement. I do so after only a short consultation with my attorneys to whom I have only within the last half hour disclosed my determination and against their expressed protest. I take this occasion to thank them for their services, fidelity and friendship.

"Notwithstanding the court's finding yesterday that this trial might be safely carried on without serious injury to my health, physical and mental, I wish to assure you that my personal condition is such that I am, at the present time absolutely unable to bear for two or three months daily the strain of an actual trial of this case, the consequent continual nightly preparation therefor, the necessary consultation and conversation with my attorneys in regard thereto, to say nothing of other cares and responsibilities.

"Moreover, the strain of these proceedings upon those whom I hold nearest and dearest of all on earth has been so grave and severe that, as a result of these prosecutions their health has been undermined, the are on the verge of an immediate collapse and their lives are indeed now actually in the balance.

I have occupied a somewhat prominent position in the city of my birth, in which I have lived all my life, where are all my ties and interests, whence, when the time comes, I hope to pass into the eternal sleep. I have borne an honored name; in my private and professional life there has been no stain; in my public affiliations until the municipal campaign of 1905 and the election of the present board of supervisors, the abhorrent charges of the press to the contrary notwithstanding, no action of mine ever gave just ground for adverse criticism or deserved censure. But the assault of the press and their failure to credit honesty of purpose and a desire to hold together a political organization, which had been built up with much effort—means of holding it together being otherwise impossible—did in a measure influence me and corrupted the high ideals for which I had theretofore striven.

"During the past two weeks I have thought deeply and often of this situation, its causes and conditions. To offer excuses now would be folly. To make an effort at some reparation for the public good is, however, more than possible, to assist in making more difficult, if not impossible, the system which dominates our public men and corrupts our politics will be a welcome task. I have decided that whatever energy or abilities I possess, for the future shall be devoted, even in the humblest capacity, to restoring the ideals that have been lowered.

"I shall, as soon as opportunity be accorded, re-enlist on the side of good citizenship and integrity. May it be allotted to me at some time hereafter to have at least some small part in the re-establishment on a clear, sane basis, a plan of high civic morality and just reciprocal relations between the constantly struggling constituent elements of our governmental and industrial life.

In the meantime I begin my earnestness of purpose, a purpose to make the greatest sacrifice which can befall a human being of my disposition, to acknowledge whatever there may have been of wrong or mistake and so far as may be within my power to make it right.

"I reached the final determination last night after careful reflection and deliberation. Where duty calls I intend to follow, whither hereafter the path of my life may lead and however unpleasant and painful may be the result. I make this statement so that the court and the whole world may know at the least the motive which I have determined to make abeginning. As an earnest man I have determined to make a beginning. I ask now that this jury be dismissed from further consideration of the case. I desire to withdraw my plea of not guilty and to enter the contrary plea and at the proper time to submit to the court further suggestions for its consideration."

Assistant District Attorney Francis J. Heney was probably as much astonished as anyone by Ruef's facing about in open court, with all its attendant possibilities of municipal exposure.

"We," said Mr. Heney, meaning the prosecution, "had not the least intimation that this was to come. I have no comment whatever to make upon Mr. Ruef's actions. The investigations by the grand jury will continue."

One of the first callers on Ruef today after the morning's sensational episode was District Attorney William H. Langdon. He went to the Fillmore-street prison-house early in the afternoon and was admitted to Ruef's room. He shook the latter by the hand warmly, and said: "You did a manly thing. I want to tell you now that anything the prosecution can properly do for you will be done willingly, gladly."

Ruef requested the newspapermen who called on him to expres for him his deep appreciation of the consideration and courtesy that has been contiuously shown him by his chief jailor, Elisor W. J. Piggy.

"He has been good to me," said Ruef: "just as good as the law allows."

The state supreme court this afternoon upon a stipulation submitted by Ruef's attorneys, dismissed the application for release from custody by writ of habeas corpus; so that as the matter now stands it is for Superior Judge Dunne to decide whether the fallen political boss shall remain a prisoner in the Fillmore-street house or be set at liberty under bail.

The specific charge to which Abraham Ruef today pleaded guilty was that of extorting $1175 from the proprietors of the Delmonico French restaurant, the amount being paid to secure a renewal of their liquor license, which had been revoked because they served drinks in private rooms. The case was based on only one of many other indictments against Ruef, each charging a similar offense. Ruef claimed that the money was given him voluntarily as an attorney's fee, but this was denied by the proprietors of the various establishments interested, who testified before the grand jury that they could not secure licenses without yielding to Ruef's demands.

The trial of Mayor Schmitz on the first of the charges of extortion against against him, is set for next Monday in Judge Dunne's court.

The St. Margaret Society will meet with Mrs. Raynor and Miss DeMasters at 204 Stewart St., on Friday afternoon. 11

ONE FRISCO LINE YIELDS TO THE STRIKERS

LITTLE VIOLENCE AT THE BAY YESTERDAY

SAN FRANCISCO, May 14.—Today was comparatively a quiet one in the street railway strike. The United Railroads had 126 cars in operation and but few minor acts of violence were reported. President Calhoun, of the United Railroads, after touring the downtown and western addition districts in his automobile, said:

"Only two cases of disturbances have been reported to me, and they were scarcely worth noticing. The police protection has been increased greatly since yesterday."

The plans of the striking carmen to establish a line of busses from the ferries to different parts of the city went into effect today. On these a ten cent fare will be charged. The Carmen's Union has instituted a boycott on all firms whose employes ride on the cars.

The Geary street road has granted the demands of the striking carmen and will resume operation tomorrow morning on a basis of $3 for an eight hour day. The board of supervisors notified the officials of the line last Monday that unless the company started its cars, the city would take over the road and operate it. The line runs from the junction of Geary, Kearney and Market streets to Golden Gate Park.

Eat at the Acme Grill, Commercial Row. Everything first class; also merchants' lunch, 11 to 2. 35 cents. m15tf

LURE OF GAMBLING MADE A MAN STEAL

Heart Interest of the Story behind the Filing of a Suit in the District Court---Victim Stole Captain J. B. Menardi's Stocks

In the big record book in the county clerk's office is a statment of the filing of a complaint by Captain J. B. Menardi against William Wacker and J. D. Snyder, the defendants being sued for the recovery of $2000 worth of mining stock, and $500 damages for having illegally held the same.

The complaint is brief. It tells absolutely nothing of the human interest which lies beneath. Were it as voluminous as the books in the office it could not adequately describe the shame, suffering, temptation and crime that lie just below the surface. To those who know the whole story as it is, it conjures a picture something like this:

A man, pale and agitated, seated at one of the tables in the Oberon gambling house, fingering a stack of faro checks with hands whose trembling indicate his terrible nerve-strain, his eyes fastened with terrible intensity on the dealer's box, watching every turn with a feverish anxiety which proclaims him to be no gambler.

He loses. He becomes indebted to the bank and he cannot pay.

A way presents itself to him for getting out of the hole he has helped to place himself in, and going to the office in which he is a trusted employee, he opens a safe from which he takes a certain lot of Consolidated Mines and Combination Fraction mining stock, and this he carries to the men who operate the bank. He gave the stocks into their hands as security for the payment of his DEBT OF HONOR.

Not possessed of business wisdom, Wacker and Snyder believe a bird in hand is better than several in the bush, and insist upon their pound of flesh, and they get it.

This man—perhaps rightly named a "sucker"—at the time he took the stocks from the safe of his employer, saw his position in such a topsy-turvy light that he was as likely to commit suicide as not, if he could not find a means of meeting the demands of those to whom he considered his honor was in pawn, and in this mental condition he robbed his employer, foolishly hoping to be able to replace the securities before their loss was discovered.

Discovered it was in the end, and the inherent manhood that was left in the miserable victim at last asserted itself and he confesed the whole hideous transaction, promising to make good his delinquency.

That is the story concealed by the brief legal phrases in the documents on file with the county clerk, and it tells why William Wacker and J. D. Snyder, proprietors of the Oberon gambling house, are being sued by Captain Menardi.

"Admitting that the man stole the stocks from me to pay a gambling debt," said Captain Menardi yesterday, "I will not prosecute him for the reason that he has suffered enough now. His conscience will punish him for the deed that he has done. In time, as he promises, reparation may be made. Even if that is not done a prison term would only wreck his life. I propose to give him another chance."

A DARING JOB IS PERPETRATED ON WASHOE BANK

UNKOWN CASHES A CHECK WORTH NOTHING

Man Who Got the Money Disappears Before He Can Be Detained

One thousand one hundred and ten dollars was paid at the Washoe County Bank yesterday to an individual who had no funds there. The discovery of the loss to the financial institution was made shortly after the paying teller had handed out the sum.

A search through the building failed to result in a discovery of the man who had obtained the money.

According to witnesses of the affair, the man with the bogus check walked into the bank about two o'clock in the afternoon, and threw the endorsed paper on the counter. The teller immediately handed over the $1,110, in turn handing the check to the clerk.

Hardly had the amount been paid, when the attache of the bank standing behind the teller said: "This check is no good. We already have a check for collection against this man."

Various officials denied last night that the bank will lose anything by the deal.

PIRATES OF PENZANCE AT THE OPERA TONIGHT

Rehearsal Last Night Went off with a Rush and a Spirit That Was Truly Professional---Large Attendance of Reno's People Is Assured

The rehearsal yesterday evening for "The Pirates of Penzance" went off in a manner worthy of a professional cast and the production of the famous comic opera by local talent this evening at McKissick's opera house promises to be the best thing in its line ever given to Reno theater goers. The cast is now complete with the arrival of Fred Wright to take the part of the "Pirate King."

That the work of Mrs. Genevieve Wright as musical director and F. P. Dann as stage manager has been thorough is evidenced by the excellent manner in which the last rehearsal went along.

MRS. F. X. RAUSCH

Who will take the part of "Mabel" in "The Pirates of Penzance" this evening.

Fred Wright, the "King," has much experience in the part and is an excellent pirate chief in every way. W. S. Lunsford as "Frederick," is one of the best actors in the cast and together with Mrs. Rauch as "Mabel," whose excellent voice and stage talent are well known to Reno people, the three principal parts of the opera are in good hands. The choruses are pronounced to be above the standard and August Froelich as the "sergeant of police" will afford liberal comedy in the piece.

By no means a small part in the piece is that of "Ruth," which is ably taken by Mrs. J. D. Torreyson, which is another comedy vein running through the story in song. Her voice needs no praise for it is well known among the best in Nevada.

There promises to be a large attendance at the performance this evening and tomorrow evening's sale is also large. The Nevada Choral Union, which organization has charge of the production, has done all in its power and no doubt the efforts of its members will be rewarded with a crowded house this evening.

Dockstader's Minstrels.

Lew Dockstader and his big minstrels are the announcement for May 23 at the McKissick's opera house. Lew Dockstader, by reason of his natural gifts and the years of careful study which he has devoted to the art of minstrelsy, has placed himself in a class by himself as an interpreter of minstrel humor. His minstrel company is the only one which plays the first class theaters. In forming his company this season he has shown his keenness as a manager and an artist. He encourages rivalry and his desire is to shine through the superiority of his associates—not as so many stars do, by the inferior quality of their company.

In the performance which he will present at McKissick's, Dockstader believes he has reached the highest form of minstrelsy in stage equipment, in ability of his comedians and singers, and also in the number of people employed.

New Advertising Agency

The Le Place Company is the name of one of the latest business enterprises to call for the attention and patronage of the local public. The business of this company is to attend to the advertising of its patrons, and that this will be done in a business-like and up to date manner is assured from the fact that its manager, L. LePlace, is a man of wide experience in this line of business, having served satisfactorily a large number of patrons in many cities.

WHAT RENO'S LOSS BY FIRE WAS IN A YEAR

FIRE CHIEF MAKES RECOMMENDATIONS

Property valued at $56,507.85 was destroyed by fire during the year ending April 30, according to the annual report of Chief Webster. Insurance was paid to discount this loss amounting to $34,398.85. The loss, says the fire chief, is far too great, and he recommends that stations be established in the district south of the Truckee river and on East Fourth street. This alone, Webster says, will give adequate protection against loss.

Forty additional fire hydrants are also recommended by the fire chief. He says that the number of plugs to supply water in time of fire is far too small. Also the chief recommends that twenty alarm boxes be installed in the suburban districts and in the business part of town. An eighty-foot aerial truck for the purpose of fighting fires in the district where four-story buildings are being erected is recommended by the fire chief. Webster says that with the apparatus employed at present it is almost impossible to properly protect the interests.

By hiring four extra men and purchasing 3000 feet of two and three-quarter inch hose the fire chief says the efficiency of the department would be improved.

Reno's record of arrests for a year from May 1, 1906, until April 30, 1907, is 1405. The figures are embodied in the report of Chief of Police Leeper to the city council. The chief recommends the employment of five additional patrolmen, and by this means he believes the safety of the residents of the city will be guaranqtined.

Nine thousand and six meals were served prisoners in the municipal jail during the fiscal year. The meals were purchased at a cost of fifteen cents each, making a total of $1,350.90. These same prisoners performed labor which, estimated at $2 a day, gave a return of $2385.

Forty-six felonies were committed during the year, the arrests being made by the police. Seventeen insane were taken into custody. Thirty-five sick were cared for. Two died in jail.

WOMEN PAY MORE.

Why Insurance Companies Discriminate Against the Gentle Sex.

Medical examiners of insurance companies say that the reason a woman pays more for the privilege of insurance than a man, is from the fact that women more readily fall victims to indigestion and stomach troubles and the fatal ailments that spring from these causes.

All persons, they say, who have a weakened digestive system and suffer from sick headache, dizzy spells, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness, and the many other symptoms of indigestion, soon lower the tone of the whole system and are most susceptible to a fatal illness.

For curative power in all stomach troubles, nothing else is as safe yet effective, nothing else can be thoroughly relied upon to receive all troubles from indigestion as Mi-o-na. It is unlike any remedy heretofore known and is really one of the valuable discoveries in modern medical science.

It is not the acute attacks that influence the insurance examiners alone, but the constant feelings of weakness, headaches, indigestion and stomach troubles—these things, physicians say, kill more people than many more serious diseases.

To escape this condition of ill health, to enjoy one's food and yet never suffer with indigestion, a person should use Mi-o-na stomach tablets. They are not a mere digestive tablet, but strengthen and restore to natural action the stomach and bowels and effect a complete cure in even the worst form of stomach troubles.

The Cann Drug Company sell Mi-o-na in 50-cent boxes under a guarantee to refund the money unless it does all that is claimed for it.

Abraham Ruef

MEN'S MINDS are so constituted that, instead of accepting Ruef's tearful statement of his reasons for pleading guilty to a charge of which he declares himself guiltless in fact, people immediately ask, "Why did he do it?"

We are unwilling, all of us, to believe that there was not another motive—something that he has not told, but which would be less dramatic, less likely to appeal to the tender consideration of the court upon whose mercy he has thrown himself. One does not have to be a worldly-wise critic, nor one blessed with human experience, to feel that Ruef has not told all, despite his tears and the realism of what, notwithstanding his subsequent utterances, must be taken as a confession. The argument that it pains his relatives to remain in suspense fails to impress us, for we cannot conceive that suspense, with the assurance that a son is guiltless, can carry half the sorrow and suffering that is borne by the knowledge that he is about to wear the stripes of a felon and be immured behind prison walls and that even when released, he must forever bear the stigma of the convict.

No; there was something else, the world cannot help thinking that fear was a factor in the action, and it is believed another might make the plea of guilty before him.

He says he is hopeful of doing of service yet to the cause of good government. As far as his individual efforts are involved, we do not share that hope. Nothing that he can ever do will be of one-tenth the service to that cause that his rising was yesterday and his pleading guilty to a crime against the state, against the people, against the city in which he was born and where he was bred, from whence he obtained his preparatory education and won, to the institution that graduated him, Abraham Ruef's career is ended.

Recalling him as a boy, as a law student, one who led his fellows when others were still at college; an accomplished scholar whose tastes led him to acquire not only the Latin, Greek and Hebrew tongues, but also the Romance and even German; who was fond of mathematics as a recreation and at the same time kept abreast of the sciences and general literature; who could pass not only upon a point of law, but also upon an obtuse question in higher geometry, who could make witticisms in Basque and intone sad songs from the old French—recalling all these accomplishments and attainments, it is hard to imagine Abraham Ruef standing at salute before prison guards. Yet nothing else can be the end of the scene before Judge Frank Dunne in San Francisco yesterday. And the judge is himself an old schoolfellow and playmate of the man whom he must doom to years in the penitentiary.

But Ruef has not reformed. The attitude that he assumes towards the newspapers of San Francisco shows that. We have heard him tell before this of the "license" of the press of that city. Yet his own case proves that newspapers can accomplish good. It is true that the journals of San Francisco have pursued a course at times that has been deprecated by all men, but the men who were conducting those papers were honest and justly indignant at the manner in which the municipality was being looted and its manhood debased. It was necessary to strike and to strike hard. If ever there was a case where it was better that the innocent should be lampooned rather than that the guilty should escape, it was this, and it must be remembered, too, that the innocent had always their recourse. Newspapers will never willfully harm any person. But they must be convinced that they are wrong. It is only the application of the Roman Code to our institutions, made necessary in a complex civilization by the inadequacy of our judicial machinery to meet all emergencies.

But the press of San Francisco needs no excuse for its course. Ruef's one word, "Guilty," pardons all the intolerance that some have seen in the attitude of the newspapers. They have run the fox to earth. There yet remains the bribe-seekers of which he speaks—the men who wanted [illegible] from the corporations and [illegible] him to get it. If they shall include Eugene Schmitz, who, if Ruef knew of these crimes, may be assumed to have been acquainted with the facts, the mayor of San Francisco will have only himself to blame.

Farmers Would Benefit

THE PEOPLE of Washoe county should at once bestir themselves and personally inform the county commissioners of the need of good roads, for the board misunderstands the situation here, we gather from the reports of the proceedings of the last session.

It is proposed to issue bonds in the sum of $40,000 to construct permanent roads. The legislature, before it adjourned, passed an enabling act for the issue. Now one of the commissioners states that he does not like the idea of bonds, but he prefers that a special tax be levied. We cannot agree with his view of the question, because it seems so obvious to us that the people who will get a great deal more benefit from the roads than most of us ever shall—that is our children and the people who shall come to Reno after we are dead—ought to pay the interest on the roads that they will be using.

Then, too, we ought to consider the benefit to the county that would result from the expenditure of $40,000 at this time. Of course, it would be of no particular benefit if the road-building were to be conducted by contract and all the money were to be paid to one firm, but it ought not to be done in that way. Let every farmer and rancher who knows where there is good rock, have a chance to get some of the money. Let every man with a team get rock, according to the plans that may be provided, and sell it to the county for the road. The rolling and spreading of this road "metal" can well be let to some firm, for rolling and spreading machinery is expensive, but the rock—the material on which the contractor would expect to make most of his profit, and which would be the principal item in his bill—could be furnished by the men of the county who have teams. A rock-crusher does not cost much and several farmers who would have access to good road material, could join together and get the use of one, so that the rock they would turn over to the county would meet all the requirements as to size.

The specifications could provide that it should be delivered at a certain point. Thus, the strip of road now under discussion at the meeting of the commissioners was the distance from Reno to Governor Sparks' ranch. It could be arranged that the rock should be delivered at specified points upon that strip.

This would be of immediate benefit to the farmers and the future would be taken care of at the same time, for the money would be expended at home and the road would be built, for the enjoyment not only of the traffic of today, but also of that of many years hence. A special tax would be of no such use. On the contrary, all the tax-payers of the present time, the farmers as well as the city dwellers, would have to reach down into their pockets to pay the cost of constructing the road, while the enjoyment of it would be given over for years and years to the newcomers who would get the road free. This is not fair to the men who now live and pay taxes in Washoe.

The Shacks Gone

TO THE new city attorney, Frank D. King, the Journal wishes to pay a compliment that is deserved. King is all right. He knew that those Second street shacks were against the law and that there was was no reason why they should be allowed to remain standing, a menace to the surrounding property.

All that was necessary to do was to tell the owners to tear the shacks down. He told them so. One shack is gone and the other will be down tomorrow.

That's the way to do things—just do them. King is a man of action. In an hour he accomplished what the preceding administration could not do in six weeks.

The Journal's Attitude

LEST THERE should be any misunderstanding as to the attitude of the Journal on the gambling question, it may be well to repeat that all we are demanding at this time is that the law shall direct the gamblers and not they the law—that they shall be kept within the rigid requirements of the statute and shall not seek in any way to go beyond it.

They are here because the state law allows them to come. We recognize that fact and we want them to have the same protection that the law gives all others who abide by it. The state and county, as well as the city, derive an income from the games, and the gamblers play because they pay taxes, therefore, to the state. They are, before the courts, on a par with every other class of taxpayer and must be so considered.

But let them at least stay on an equal footing with those other taxpayers and not seek to improve their own position at the expense of the people. Let them realize that, whatever they may do, they are here only by the sufferance of the better element.

Moving the games downstairs, just as we said would be the case two yeras ago, has not decreased the public gambling. It was absurd ever to imagine that it would do so, for it simply increased the opportunity to play. Far from anyone being deterred by fear of losing his position through going to the games or being seen there, the fact is that many who never would have dreamed of playing cards or risking a dollar at craps or on the wheel, have been led to play through the convenience of the opportunity. When a man who wants to get even a lemonade and goes into a saloon to get it, where he sees a dozen games in progress and hears from the lips of boosters of how many people are winning money, has a dollar or so to play, he is likely to play it. If the games were out of sight, he would never dream of doing such a thing. It is the same way in restaurants and hotels that permit gambling in their places. Obviously, gambling ought not to be an adjunct to places of public resort. The law allows it, however, and all we can do is to wait until the next session of the legislature.

In the meantime we must see that the gamblers do not presume on what they already have secured, and we must demand of the peace officers and the authorities that they keep the games well within what the law allows them.

We want no more cases of young men stealing stocks from their friends to pay gambling debts that would never have been contracted had the games been at least out of sight.

THE EASTERN MARKETS

NEW YORK, May 15.—Opening prices of stocks tended downwards, but secondary prices for stocks were better, the market generally rallying to a parity with yesterday's closing or above. Union Pacific broke badly to 3 1-2 below yesterday's final close, following a report of the recommendations of the counsel for the interstate commerce commission upon the Harriman railroad investigation. There were also many sharp losses among other active stocks. Bonds were steady. A rally of over a point in Union Pacific stopped the general selling, but the market was sagging again at the close.

Grain and Provisions

CHICAGO, May 15.—Heavy realizing sales were again the feature at the opening of the wheat market today. July opened 5-8@3-4c to 1 5-8@1 3-4c lower at 94c to 95c; September 7-8@1 to 1 5-8@3-4c down at 95c@96 1-4c, and December 7-8c to 1 7-8@2 cents lower at 96 3-4c to 97 3-4c. The first half hour saw the enormous offerings well taken with prices partly recovered, July selling at 94 1-2c, September at 96 3-8 and December at 97 1-2c.

July corn opened unchanged to 1-4c down at 52c to 52 1-4c and sold up to 53 1-2c.

Oats were quiet but steady, July opening a shade lower to a shade higher at 44 1-8c.

Provisions opened weak in sympathy with hogs, with prices 2 1-2 to 10c lower. July pork opened at 16.55 to 16.60; July lard 9.25@9.27 1-2 and July ribs 9.00.

WEATHER REPORT.

Fair. The highest temperature recorded was 74 degrees, and the lowest was 38 degrees.

The Luxury of One Age BECOMES A Necessity in the Next

The comfort of cooking and heating with gas is no longer a luxury--it is a necessity. The kitchen with soot, smoke, ashes and dirt to work in is a thing of the past. Its low cost of maintenance, cleanliness, safeness and great convenience make a gas range a necessity in every home.

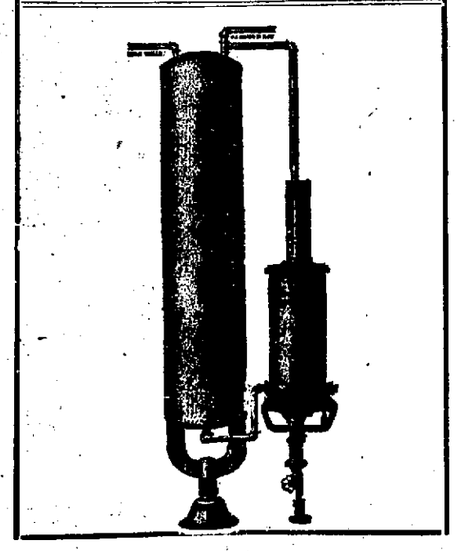

Consider These Facts:

Do you care to carry fuel and ashes?
Is it pleasant to build the fires?
Do you like the task of splitting wood and kindling?
Do you think it is comfort to have your kitchen begrimed with soot, coal dust, and ashes?
Is it pleasant to work in an atmosphere crowded with fumes and smoke?
Would you endanger your life and property by using gasoline?
Does your coal bill look too big?

Another Point

You can cook a food requiring a low heat and one requiring a greater heat on the same range when you use GAS.

We carry a complete line of gas ranges and heaters. We do the piping free. Get your order in now and avoid the rush which will come with summer. Come now while we can wait on you promptly.
Use gas the year round.

SEWER BONDS ARE SOLD ON LOWRY PLANS

The city council last night decided to issue bonds to the sum of $41,000, for the building of a complete sewer system. The deal will be financed by Cossin & Co., of Chicago, and S. K. Lowry, an engineer and representative of the American Light & Power Company, of Kansas City, will prepare the plans and specifications at an agreed price of $500.

FAREWELL TO THORBURN

The Twenty Odd Tennis Club, the Owl Club and many of Sparks delightful young ladies were invited to the home of George Robison last night to bid goodby to "Owl" Cliff Thorburn. Thorburn didn't learn until he decided to quit the town, just how popular he is. He is sorry now that he spoke. He will be more sorry no doubt, after a few weeks in the wilds of Humboldt canyon, where he goes to superintend development work on the claims owned by himself and Mr. Robison.

The Robison home was packed with friends of Mr. Thorburn and the evening was so jolly that remembrance of it will afford him consolation in many a lonesome hour.

CHIEF MALAY'S MUSE IS A "HE" AND A TARTAR

Sparks' Head of Police Department Has a Fearful Battle in Which Other Officials Subsequently Assist Him

Chief of Police Malay went out into the wilds of Deer park to consult the Muses yesterday afternoon. The chief wants to know whether he is to be his own successor. The Muses ought to know, if they know anything. The Muse he consulted didn't know, however. In fact the information of this particular one of the Nine regarding police and constabulary affairs in general, was very meagre. Indeed, so unversed was the Muse in this branch of municipal government that he—it was a "he" Muse—had a notion he could allow his herds to roam at will over the city parks and boulevards. The big chief took official cognizance of the dereliction and, failing to receive any information for his own reassurance, advised the bum oracle that he must herd his flock.

"Go and take a long run and jump at yourself," sneered the Muse. "What do I care for the likes o' youse. Youse and the mayor and the city council and the city attorney and the whole dum misgovernment can go—."

"Hold on, partner," cried the chief defender of the municipal dignity, "not a word more. You may abuse me, but not my superior. Do you understand?"

"I don't need to understand the like o' youse," the enraged man shouted, and flew at the chief of police like an angry hen at a Newfoundland pup. The chief drew his cannon from his vest pocket and the Muse paused for inspiration.

Thus ends scene the first.

Chief Malay proceeded in a dignified manner to the hall of justice to procure a warrant, since the Muse did not care to visit the city magistrate without an invitation from headquarters, but upon arriving there he found the Muse awaiting him. Forthwith ensued a scene. The oracle from Deer park assumed a Cyrano de Bergerac pose and began to expatiate upon the demerits of the municipal administration. The chief deputy assessor, Martin, Judge Pollock and others flew at the anarchist and the scene closed with a climax such as would arouse any gallery to a frenzy of excitement.

At the close of the play there was enacted a brief epologue in which Austin and Macpherson appeared as support to the leading man in the amount of $100.

A CHANGE IN THE DISPATCHERS' OFFICE

In accordance with the change in the dispatching service announced in Sunday's Journal, Ditpatchers McDonald and Kidd left Sparks last night on No. 4 to go to Minnemucca, where they will be joined by Dispatcher Good of Ogden and install a dispatching station at that point.

Mr. McDonald who will be in charge of the office as chief dispatcher, is getting in excellent form for the responsible duties. He has cultivated deep lines upon his brow and accomplished an air of ponderous responsibility. Chief Delmore is very proud of him.

Dispatchers Tom Fitzgerald and Snyder left on No. 26 last night for Mina to install the Mina station. Mr. Fitzgerald will be in charge of the company affairs at that point.

The arrangement leaves Dispatchers J. A. Mayes, R. H. Rice, F. F. Small, O. Murrie, E. R. Stinson and T. F. O'Grady to attend to the operation of trains from this point. Chief Dispatcher Delmore will remain at Sparks and exercise superintendency over the dispatching forces of the division. The new arrangement is expected to result very advantageously.

Ditpatcher Mayes drew the lucky number and secured the first trick. He is not only lucky but deserving. Dispatchers Stinson and O'Grady are away on a vacation but will return during the week.

RENOS ARE TO MEET THE DOUGHY HERCULES

Excursion Rates for Sunday's Game Have Been Arranged from Virginia City and Carson---Kelly to Umpire

The game on the local diamond next Sunday between the Hercules team of Parole and the Renos promises to be one of the hardest fought battles ever witnessed in this city. The visitors have held the championship of California for several years among the independent teams, and are held in the sister state to be invincible outside the Pacific league.

Manager Conway has arranged for excursion rates from Carson and Virginia City, and a crowd of fans are expected from these two places. Marx, who manages the Hercules team writes that at least thirty fans will accompany his team to root for the Parole boys.

Their pitcher will be Jack Swanton, whose reputation as a twirler is of the gilt-edge kind. Charley Pare will catch for them.

A band has been engaged to parade with the boys on Sunday at 12.30. "Million Dollar" Kelly will umpire the game.

RACES AT OAKLAND

SAN FRANCISCO, May 15.—George P. McNear, a heavily-played second choice, scored a clever victory in the $1000 Frenzy handicap at Oakland today. After the Burglan and Cadichon tired, the winner closed fast and led Reservation home by over a length. Cadichon beat J. C. Clem for the show. Talentosa, owned by Thomas H. Williams, took the first race at odds of 8 to 1. Results:

First race, seven and a half furlongs selling—Talentosa won, Kruka second, Curriculm third. Time 1.35.

Second race, six furlongs, selling—Halo Diddono won, Calla second, Silverlime third. Time 1.13 1-5.

Third race, five furlongs—Raleigh won, Turnaway second, Daily third. Time 1.00 4-5.

Fourth race, the Frenzy handicap, one mile and a sixteenth, purse $1000—George P. McNear won, Reservation second, Cadichon third. Time 1.45 4-5.

Fifth race, futurity course, selling—Misty's Pride won, Gossiper second, My Choice third. Time 1:09 4-5.

Sixth race, five furlongs, purse—Nadyx Son won, Fireball second, Oceanshine third. Time :59 4-5.

THE COAST LEAGUE

PORTLAND, May 15.—The first game of baseball of the season in this city was celebrated after a parade headed by a brassband. The Portland team celebrated the day by handing the game to San Francisco by the score of 4 to 3. Neither team was very effective at the bat and were unable to score except in one inning apiece. Score:

San Francisco	4	8	3
Portland	3	8	3

Jones and Street; Groom and Donahue. Umpire—Derrick.

SAN FRANCISCO, May 15.—Oakland made a whirlwind finish of today's game. With a lead of one run in the eighth, the Oakland batters lighted upon the pitching of Carnes so heavily that five runs were made on five hits. The fielding of the southerners was not up to the standard. Score:

Los Angeles	3	6	4
Oakland	9	13	0

Carnes and Hogan. Cates and Bliss. Umpire—Perrins.

SPARKS HIGH IS TO TACKLE RENO'S ATHLETES

The Sparks high school is making great plans for the annual academic field meet to be held in Reno Saturday afternoon. A supply of horns, badges, whistle canes and banners is being procured and the school will attend in a body to cheer its favorites to victory.

Harry Bridges, Walter Butler, Francis Cunningham, Otto Curnow and Willie Heany will represent the school in the events of the day. The boys have been training faithfully and stand a good chance to win a creditable position.

The people of Sparks are taking considerable interest in the event and many will attend to lend encouragement to their contestants.

HNW CAN YOU DO IT?

Here are some figures from the best sources possible that ought to set you to thinking if you have kidney disease.

Dr. Loomis of Bellevue Hospital states from clinical observations and a large number of autopsies at Bellevue that nine-tenths of men and women over 40 have Bright's Disease in some form.—See Denver Medical Times, December, 1903, p. 304.

And the census shows that over nine-tenths of all the deaths from kidney disease the last census year were really due to Bright's Disease, viz., 58,000 out of 63,000.—See U. S. Census for 1900.

Although Dr. Loomis is an authority and it is presumptuous, yet we cannot believe with him that nine-tenths of all people over 40 have Bright's Disease. We think he would have been nearer the facts if he had said that nine-tenths of all people having kidney trouble have Bright's Disease, for the census figures cannot be denied and show conclusively that nine-tenths of all the dead from kidney troubles had Bright's Disease.

How on earth, then, can people with kidney trouble afford to take anything but Fulton's Renal Compound, the only known specific for Bright's Disease?

It is superseding kidney medicines. We are the agents. J. B. McCullough, Druggist, Reno, Nevada.

WONDERFUL MINES DISCLOSED IN NORTHERN WASHOE

DEVELOPMENT WORK WILL BE ACTIVELY PROSECUTED

A. B. Gray Has Recently Visited the Donnelly Mountain Country and is Very Much Pleased at the Wonderful Mineral Showing.

Mr. A. B. Gray, of Denver, Colorado, is a visitor in Reno, having come to our city on business concerning the new Willow Creek, Donnelly Mountain and other northern mining districts, in which he and his business friends are interested. Mr. Gray has been an active politician for a number of years in Colorado, during that time having been deputy auditor of state, secretary of the state board of equalization and for four sessions in charge of the clerical forces of the Colorado legislature. He has also been for years the legislative representative of several railroads, and his advent into Nevada is greatly appreciated by his many friends now residing in our state. It is more than possible that Mr. Gray will make his future home in Nevada, and with that in view is looking over Reno for a good site for a home.

Mr. Gray's associates are among the high officials of the Western Pacific and other railroads, some of whom are owners of mining property in the new silver, gold and lead districts of northern Nevada, and it is in connection with these largely that Mr. Gray is now here.

We have spoken in a former issue of the great discoveries at Willow Creek, and Mr. Gray informs us that six miles east of the now famous Willow Creek is what is called Division Peak, or Donnelly Mountain, where large bodies of high grade gold ore is to be found, some of which gives assays into the thousands of dollars per ton in gold from picked pieces. The main ore, however, ranges from twenty five dollars to a hundred dollars per ton in gold.

As an illustration of what is being done in that section, says Mr. Gray, take the case of Mrs. Alex Ransom, an artist whose pencil and brush has added to the collection of beautiful views in Nevada mountain scenery. She accompanied her husband to Donnelly mountain, and having been raised in mining camps, intuitively knew all about veins, dikes and ores. She, after attending to the duties of their camp spent some of her time with her children prospecting at or near their tents. She found the vein upon which is now located what is called the Midnight Test, Fourth of July and Holiday claims, in which Mr. Gray and his associates are interested. She also found pieces of ore containing free gold in such quantities as to cause her husband to begin work on the properties. One of the pieces found by this lady and now in the possession of Mr. Gray, is about half gold, and of pieces showing considerable coarse gold any number of specimens are laying all about the office. The property adjoins the Belle of the West claim, owned by James Raser, the ore of which is familiar to many in Reno. Mr. Raser some time ago shipped to Reno by wagon about fifteen hundred pounds of the ore and received fifteen hundred and fifty dollars therefor. It was simply a sample to ascertain its value. Since that time Mr. Raser has sunk an incline shaft on his property to a depth of about three hundred feet, and a mill run of 500 pounds, lately sent out for test, gave a result of five hundred and fifty dollars. Of course this ore was selected, but there is today on the dump over ten thousand dollars' worth of ore, the same being of an average of over eighty dollars per ton, to say nothing of ore of lower grade in obundance.

Mr. Gray is enthusiastic over this part of the northern country. It is estimated by his associates that the tonage at Willow Creek alone, to say nothing of the Donnelly Mountain, Nigger Creek and other immediate districts, will warrant the building of a branch line of railroad to connect with the Western Pacific. Mr. Gray is here now for the purpose of obtaining the necessary right of way, and completion of the necessary incorporation papers in this state for the building of such a road.

Reno, says Mr. Gray, will be greatly benefitted by this northern work. Why, today, he says, Mr. Ransom, the superintendent of the Willow Creek Extension Mining Company, above mentioned, is shipping a half ton of giant powder, together with two tons of steel rails and other supplies, for the men at work. Johnstone and Fear have just sent out, or are sending, a four-horse team loaded with supplies for their Willow Creek mines. John Harnan has two car loads of supplies going over the N. C. & O. road to be reshipped to Willow Creek, and all of this together with many prospectors, who are rushing in, is all purchased in Reno.

Mr. John Harnan, a Colorado man of the famous Portland Mine at Cripple Creek, is building an automobile road into Willow Creek. This will be finished in a short time, and by auto you will be able to go to Willow Creek and the adjoining districts in one day.

Now, says Mr. Gray, take into consideration the Rosebud district, the Mazuma, the Seven Troughs, all of which have ore and are within a radius of fifty miles of the nearest point from Willow Creek, which will be reached by the Western Pacific railroad and you will understand what these new discoveries mean to this railroad, and you will look at the map and see where that road is going to run, the necessity of several branch lines to connect with the main roadway.

Rumors, and reports of the vast amount of silver and lead ores to be found in this part of Nevada, and with the gold and copper ores which are being found around Division Peak, Jackson Mountain and even to the Pine Forest mountains, have been wafted over your deserts to the great mining and railroad centers, but it is only within the past few months that positive evidence in the shape of ore bodies that can be measured and tested have been obtainable.

It is estimated that about a thousand miners and prospectors are now in and around Willow Creek. Many have taken their families with them and have gone to stay, so that you can rest assured of a new city the northern part of your state in the near future, and says Mr. Gray, when you see the names of the gentlemen attached to the railroad in corporation papers, and who are interesting themselves largely in the mines of this part of Nevada you will be satisfied that their names alone give assurance of something good and permanent in Northern Nevada.

RICH GOLD MINES COMBINED IN ONE GIANT COMPANY

FAMOUS OLD MINES IN NEW COMBINATION

Colonel F. H. Baker Has Taken Over Twenty-six Claims and Incorporated Same Under Name of the Nevada Mammoth Mines Company.

Colonel F. H. Baker, city attorney of Yerington, is in Reno and speaks in enthusiastic terms of the future of that great mineral-bearing area. Colonel Baker has the honor of being one of the oldest, if not the oldest, practicing lawyer in the state of Nevada, and his first certificate, issued by the supreme court of Georgia, bears date on the 19th day of February, 1857, and while he is an able lawyer, he devotes very much of his time to mining propositions, and is identified with a number of valuable propositions in that section.

Colonel Baker recently secured control of an enormous estate of twenty-six claims, located eighteen miles south of Yerington and one and a half miles from Walker river. In this group is the famous Cambridge property which has a record output of $1,000,000 in gold and was located in 1860. This enormous output was secured at a depth of less than 350 feet and the best authenticated reports show that the general average of the ore was $26 per ton in gold. The old stamp mill through which this ore was run now stands as a monument of the greatness of the old Cambridge mine.

There are a number of well-defined leads within the lines of the claims referred to, and the veins run from ten or twelve inches to twenty-five feet in width. This extensive holding has been incorporated under the name of the Nevada Mammoth Mining Company, and Colonel Baker is president.

Adjacent to the latter property is the old Wheeler & Wilson estate, with its record output of $7,000,000 in gold which was all extracted at a depth of less than 200 feet below the surface. A tunnel is now being advanced 5000 feet to cut this level at great depth and this tunnel has already attained a length of 1400 feet.

BLACK CANYON IS A WONDERFUL MINE IN INYO

SYSTEMATIC DEVELOPMENT NOW BEING ADVANCED

This Great Proposition is Rapidly Coming to the Front, and Recent Disclosures Positively Demonstrate It a Big Mine.

Most favorable reports are being received from Inyo county, and from Skockum, on the north to Skidoo on the south rich finds and earnest prospecting is the order of the day. The Black Canyon Mining Company, whose very valuable estate is situated near Bishop, is the center of interest and this corporation has sixteen men on the payroll, and this force will be increased as soon as men can be secured. This proposition has been undergoing systematic and judicious development for many months, and it is now proposed to advance a series of cuts on the surface, on top of the bluff, in order to disclose the full strength of the ore body at this point. These operations will probably cover a period of three weeks and will prove the depth of the ore body to at least 300 feet.

Great activity is reported in the stock and Colonel M. T. Stovall, who controls a majority of shares, was a few days since offered $5,000 cash as a bonus for a ninety-day option on a block of 100,000 shares at 35 cents per share. While this would ordinarily be deemed a very fair offer, it is not the actual worth of the stock of the Black Canyon Company, but it would seem from this offer that the public fully appreciate the great value of the proposition. Within ninety days the contact will have been reached, and the would-be purchaser thought $3,000 was reasonable for an option on this stock.

However, in this case, Col. Stovall is in close touch with all operations and is in a position to know better than anyone else what the future will demonstrate. While every indication goes to sho what this contact will be cut within thirty days, it will readily be understood that the option being for ninety days, would give the purchaser sixty days in which to watch developments.

In the meantime a force of men is employed extracting ore from the stopes, the best of which is sacked and the balance thrown over the dump.

Aggressive operations are being advanced on the property of the Bishop Creek Gold Company and every effort is being made to at once place sufficient supplies on the ground to last for the season before the high water in Owens river. To this end compressors, power drills, lumber, etc., are being moved by mule teams from Laws, the railroad point, to a point as high on the mountains as snow and road conditions will permit.

All of this activity in and around Bishop has prompted the Western Union Telegraph Company to put an office in Bishop which connects with Laws by telephone, and hence all telegrams must come via Laws. The office will be completed in a few days and Bishop will then have direct communication with the outside world.

The large amount of freight and machinery now being taken into this section has prompted local capital in Bishop to take up the matter of at once building an electric line from Laws to that place.

About four miles of track will be necessary to connect the two towns and this will probably be narrow guage, to accommodate the transfer of cars of the N. C. railroad, and cars could then be switched to Bishop without transferring to teams, as is now the case. For this purpose an abundance of power is easily obtained, and as the proposition is a very feasible one, no doubt electric cars will be running over this new line before the snow flies.

TEX RICKARD IS IN RENO AND DECLARES FOR ELY

One of the best-known men in Nevada is Tex Rickard, for he has done much in this state to bring it to the attention of the investor, and his present operations are so extensive that he is indeed a factor in mining operations here.

Mr Rickard arrived in Reno yesterday from Ely, en route to Goldfield. This gentleman is connected with some of the largest propositions in Ely district, and is now employing a large force of men thoroughly exploiting these properties.

In speaking of Ely district yesterday, Mr. Rickard said that he believed it will be one of the largest cities in the state, for the biggest copper deposits in the world are located there and the men and the money are now in that field. Hundreds of men and millions of dollars are being expended on this great copper zone and every day's development emphasizes the strength and richness of the ore bodies.

Mr Rickard states that an offer has been made for the Gans-Nelson fight for Ely, but he does not believe that the terms can be agreed upon for he thinks that they are only looking for advertising.

Mr Rickard left last evening for Goldfield on business connected with mining matters, but would not say exactly what was in contemplation.

OUR BUILDING DEPARTMENT

WE HAVE secured the services of a builder who has come fresh from the city, and are prepared to build to order cottages or houses upon the most modern plans, embracing the newest designs in interior finishing, built in buffets, bookshelves, pannelled walls, beam ceilings, artistic electric fixtures, Flemish oak and golden oak wood finish. All this can be put in a five room cottage as well as a large house and the cost need not be much greater than the old style. We invite you to inspect our new bungalow plans and we will either build on your lot or furnish the lot for you to build on, on attractive financial terms. One may just as well occupy his own home as to pay rent when the rent money can be utilized to pay for the home.

NOTICE

In the Second Judicial Court of the State of Nevada, in and for the County of Washoe.

The State of Nevada sends to Ada L. Glasier, greeting.

You are hereby required to appear in an action commenced against you as defendant by Arthur B. Glasier as plaintiff, in the second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. This action is brought to recover judgment against you dissolving the bonds of matrimony between you and the said Arthur B. Glasier, on the ground that you, disregarding the solemnity of your marriage vow, willfully and without cause, deserted and abandoned the said Arthur B. Glasier, and ever since, have and still continue so to willfully and without cause desert and abandon him and to live separate and apart from him, without any sufficient cause or reason, against his will and without his consent.

All of which will more fully appear from the complaint, which is on file in the office of the clerk of the said court at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I have hereunto set my hand at Reno, this eighteenth day of April A. D., 1907.

J. B. DIXON,
Attorney for Plaintiff.

Ten Scholarships for $100 Each Given to the Bright Members of the Mining Department of the University of Nevada—Winners Name's Later

"Bullfrog" Smith has given ten $100 scholarships to the bright students in the department of mining at the University of Nevada. The awards of the scholarships have not all been made, although Fred Stewart, of Bishop, Cal., and W. W. Anderson, of Hazen, have been honored. Complete announcement of the winners of the scholarship will be made commencement day.

Smith, who is one of the principal operators in the vicinity of Rhyolite, believes that financial aid extended the students will help greatly the cause of education.

GEORGE S. NIXON BUYS M'DONALD PROPERTY FOR $25,000

GEORGE E. HOLESWORTH ACTS ONLY AS AGENT

Location Is a Very Desirable One and the Purchase Price is Considered Fair

George S. Nixon has bought the MacDonald property on Mill street for $25,000, George E. Holesworth acting as agent. This is one of the choice residence properties in Reno and the price is considered fair. Mrs. Mary Margaret MacDonald, as administrator of the estate of her late husband, Thomas P. MacDonald, also disposed of the furniture and other household goods, all of it being included in the purchase of the property. Mr. Nixon also purchased from Holesworth and his wife lots 5 and 6 in block N, Shoemaker & Haydon's addition.

TEAMSTER HAS TROUBLE.

A large crowd of disgusted spectators gathered on Virginia street, near Commercial row, yesterday afternoon to witness the outcome of a one-sided fight between Manager Cunningham, of the Reno Truck and Transfer Company's office, and a drunken teamster. Cunningham, who told the teamster not to return, knocked him through the door. The man maintained that he would return till he had been paid what was coming to him, and Cunningham struck him, knocking him into the gutter.

The W. R. C. Dinner

The ladies of Gen. O. M. Mitchell W. R. C. are desirous of thanking those who assisted them with their dinner yesterday at Eagles Hall, both with the generous donations and assistance in the kitchen and dining room, also do they wish to thank the public for its most generous patronage at the dinner. The proceeds were very gratifying, netting $150. The ladies will be able to carry out their many plans for Memorial day services and flowers.

AVENUE OF LIGHT IS PLANNED ON VIRGINIA

Electrician Caffrey Tells of Project to Parallel Thoroughfare from River to Commercial Row with Gas Arc Lamps on Ornamental Supports

Gas arc lights, supported by ornamental poles, located every fifty feet on both sides of Virginia street from the Truckee river bridge to Commercial row will be installed if the present plans of City Electrician Caffrey are carried out. Caffrey estimates that the cost of construction of the project will be small. He says the work could be done without tearing up the pavements to any considerable extent.

The city electrician recommends the project to the council. He says in the annual report that the work could be completed in such a manner as to add to the attractiveness of Virginia street, and that the plan would be a great advertisement for the city.

Twelve thousand sixteen candle-power electric lights were installed in the stores, offices and homes of Reno during the last fiscal year, according to the annual report of City Electrician Caffrey.

A. L. Beardsley, secretary of the chamber of commerce of Sioux City, Iowa, is at the Riverside. He is making a trip through the west and will stop in Reno for a few days.

G. W. Nellis, associated with Phelps of Lincoln, in the manufacture of "The Rite-Bit," is making his first tour of this part of the country. He intends to visit the principal camps in the state before returning to the Atlantic coast.

Albert Bois is in the city from a trip to his new properties the other side of Purdy. He has had assays made of samples that show great values, and he expects to develop his claims in this little-prospected region.

Four travel-stained and weary prospectors came in yesterday from Fairview. They were E. J. Williams, L. J. Green, H. M. Fergus and Chas. Hyman. They report things booming at Fairview and say that it will prove one of the finest camps in the state before long.

FOR BETTER MAIL SERVICE

A further improvement in the local mail service will be accomplished this week when three more clerks will be put to work by Postmaster Dawson. This has become absolutely necessary through the steadily increasing business of Reno.

SHRINERS ON THEIR LAST SAD JOURNEY PASS THROUGH RENO

Covered with flowers, the gifts of sorrowing friends, the bodies of thirty-two victims of the Honda wreck were taken through here at 8 o'clock last night on a special Southern Pacific train. Two hundred relatives of the dead accompanied the remains to Reading, Pa., where most of the victims formerly made their homes.

Classical Concert

Not often are the citizens of Reno privileged to listen to such excellent rendering of the best works of the great music masters as will be given by W. C. Van Buren on next Tuesday evening, May 21. Mr. Van Buren will be assisted by other artists, and Ernest Corris will serve as accompanist.

SUED ON CONTRACT.

Mrs. Mabel Sullivan has sued for the recovery of $14,000 for a breach of contract on the part of F. Selfridge of the Imperial rooming house. She says he broke a contract to sell the lease and furniture.

THE CHAMBERLIN CHARGE

The preliminary hearing of the false pretense charge against B. T. Chamberlin, which was to have been heard in the justice court yesterday afternoon was postponed till Saturday morning at ten o'clock.

MADE A GRAND DUCHESS.

ST. PETERSBURG, May 15.—An imperial order was issued today creating the Princess Anastasia of Montenegro, who was married May 12, at Yalta, to the Grand Duke Nicholas Nicholaievitch, a grand duchess and announcing the emperor's sanction for the union. No formal cognizance had hitherto been taken of the marriage owing to the attitude of the orthodox church towards the marriage of divorced persons, the grand duchess having been divorced from her first husband, Prince George Communowski, duke of Louchtenberg.

RAILROADMEN ARE INVITED TO A BIG BLOW-OUT AT LAKE TAHOE

Traffic agents, members of the California association, will be the guests of the Lake Tahoe Railway & Transportation Company on May 31. Manager Haley has consented to be the host on the occasion of the visit of the representatives of coast railroads at the great resort.

An invitation has been sent to E. W. Clap and A. H. Pett of the local Southern Pacific office to be present at the affair, and both have agreed to attend. At the Tavern an informal dance will be held, and the attendants will make the trip around the lake.

BAD BILLS IN CARSON.

CARSON CITY, May 15.—Bad bank notes were passed here this morning on three business houses resulting in the arrest of three men. An armed deputy sheriff mounted on horseback ran down J. Lindsley at Franktown when he was trying to escape. A. Crocker and W. J. Butler are the names given by the other two men arrested. They said they are Southern Pacific detectives and that they were on the trail of Lindsley.

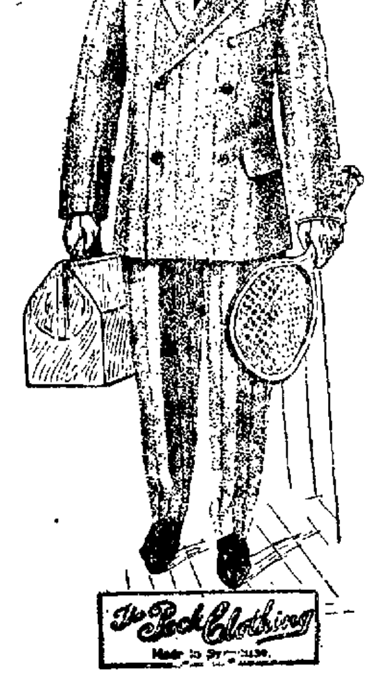

POLICE COURT METHODS HAVE BAD EFFECT ON PEACE

The easy-going method of handling vagrants in the dragnet of the local police department is having its effect in the frequent reports of smaller thefts and burglaries committed about the city. These crimes are evidently the work of that gentry, and as long as no effort is made in the police court to sift cases, and adequately punish those who are found to be of the vicious class, there is little prospect of an abatement.

Yesterday afternoon a tramp was arrested by Officer Tolley, and was found to have in his possession a lot of jewelry and several razors. He is being held pending investigation of his record.

Savage-Burrus

The nuptials of Pearl L. Burrus and Louis A. Savage occurred yesterday afternoon at the home of the bride's parents, the Rev. Samuel Unsworth officiating. Dinner was served after the ceremony for a few guests, intimate friends of the contracting parties. The young couple will spend their honeymoon in Mexico.

Webster says, "Temperance is the principle and practice of moderation." Drink Pabst Blue Ribbon Beer—because it contains less than 3½% of alcohol.

The Pabst Eight-Day Malting Process retains all of the food values of the barley-grain, and the Pabst Brewing Process transmits them to the beer.

Pabst Beer is not only a temperance drink, but a genuine liquid food that gives health, strength and vitality to the entire human system.
